Hulston's rifle and bayonet were found in the water. His torn trousers were also found on the beach. His body was eventually recovered further along the coastline 10 days later. Like Driver Willis back in May, he had also been shot in the chest with a .455 calibre army revolver. As with any good murder mystery, this story has more twists and turns than the Great Ocean Road. They range from black market operations, confessions, suspects identified in later years, lost or missing police files, disagreements between the police and the army over the investigation, and an attempted cover up that went all the way to the wartime Deputy Prime Minister's office.

One Dead Drag Queen Mark Richard Zubro, 2000-07-13 A series of three bombs destroy a local health clinic, killing many and injuring many others, including high school teacher and clinic volunteer Tom Mason. With a long suspect list and a mounting death toll, Scott must find the killer before the killer finds them.

Screening Genders Krin Gabbard, William Luhr, 2008 Gender roles have been tested, challenged, and redefined everywhere during the past thirty years, but perhaps nowhere more dramatically than in film. *Screening Genders* is a lively and engaging introduction to the evolving representations of masculinity, femininity, and places once thought to be in between. The book begins with a general introduction that traces the movement of gender theory from the margins of film studies to its center. The ten essays that follow address a range of topics, including screen stars, depictions of gay, straight, queer, and transgender subjects, and the relationship between gender and genre. Widely respected scholars, including Robert T. Eberwein, Lucy Fischer, Chris Holmlund, E. Ann Kaplan, Kathleen Rowe Karlyn, David Lugowski, Patricia Mellencamp, Jerry Mosher, Jacqueline Reich, and Chris Straayer, focus on the radical ideological advances of contemporary cinema, as well as on those groundbreaking films that have shaped our ideas about masculinity and femininity, not only in movies but in American culture at large. The first comprehensive overview of the history of gender theory in film, this book is an ideal text for courses and will serve as a foundation for further discussion among students and scholars alike.

'Drag' Harlan Charles Alden

Seltzer, 2019-11-26 In *Drag*, Harlan Charles Alden Seltzer crafts a compelling narrative that delves into the gritty realities of the American West during the early 20th century. Through vivid depictions of life on the frontier, Seltzer examines themes of isolation, resilience, and the moral complexities of survival in a lawless land. His engaging prose combines elements of rugged realism with a cinematic flair, allowing readers to visualize the stark landscapes and intricate social dynamics of the period. The novel not only reflects the adventurous spirit prevalent in early Western literature but also challenges the archetypal portrayal of heroes and villains, showcasing the shades of grey in human nature. Charles Alden Seltzer, a prominent figure in early 20th-century American literature, was profoundly influenced by his experiences in the West, having lived in various frontier towns.
