[Murach's JavaScript and JQuery](#) Zak Ruvalcaba,Mike Murach,2012 Today jquery is used by over half of the 10 000 most visited web sites and jquery is one of the technologies that every web developer should master The trouble is that jquery is difficult to learn especially for programming novices Now this new book makes it easier than ever to learn jquery jquery UI User Interface and jquery Mobile In essence sections 2 and 3 of this book present all of the jquery and jquery UI skills that you need for developing professional jquery applications With those skills you will be able to add all of the popular jquery applications to your web pages image swaps image rollovers collapsible panels slide shows accordions tabs carousels and more Beyond that though you will have all the skills that you need for developing unique jquery applications of your own But that s just two of the five sections in the book Because you need to know JavaScript in order to use jquery section 1 presents the least you need to know about JavaScript to get the most from jquery This is essential for programming novices but this is also valuable for experienced programmers who may not remember how a specific JavaScript statement or method works In short this section makes this book a complete reference for jquery programmers In contrast section 4 takes jquery to a new

level by showing you how to use Ajax and JSON to get data from a web server and add it to a web page without reloading the page. It also shows how to use Ajax and JSON with the APIs for popular web sites like Blogger, YouTube, Twitter, Flickr, and Google Maps. These are powerful skills for enhancing a web site. To complete this package, section 5 presents a complete course in jQuery Mobile, which offers an exciting new way to develop web sites for mobile devices. Today, the best web sites are available in both full and mobile versions, so this section also shows how to use a JavaScript plugin to redirect a mobile device from the full version of a web site to its mobile version.

jQuery Pocket Reference David Flanagan, 2010-12-22. As someone who uses jQuery on a regular basis, it was surprising to discover how much of the library I'm not using. This book is indispensable for anyone who is serious about using jQuery for non-trivial applications. Raffaele Cecco, longtime developer of video games including Cybernoid, Exolon, and Stormlord, is the author. jQuery is the write less, do more JavaScript library. Its powerful features and ease of use have made it the most popular client-side JavaScript framework for the Web. This book is jQuery's trusty companion.
