Your pebble, which has chosen YOU as its guardian and protector, will guide you throughout your life. When you are feeling lonely and afraid, hold your pebble. Strength will suddenly appear. When you are at a crossroads, hold your pebble. The answers you are looking for will mysteriously appear out of the silence. God will whisper to you, from the secret, heavenly realms of the angels. Clouds will disappear.

When you are filled with love and happiness, hold your pebble. Give thanks for all the wonderful things appearing in your world. But most of all, remember your time at this school. Give thanks for the people who have crossed your path. Clasp your pebble in your hand. Hold it. Touch it. Feel it. And always remember this: There is only ONE pebble in the world like yours – it's precious, special and unique. Just like you – so always remember that! And if you forget, hold your pebble – it will remind you of just how **SPECIAL** you are.

#### **GREAT, INEXPENSIVE IDEA FOR A LEAVERS' PRESENT**

This idea is my own, I've used it in Y6 many times. It's so simple – It can be used in secondary schools too. If you're after a 'present' for your leavers, this is great. Go to a beach, collect different pebbles of similar size for your class. Look for nice ones.

(Don't buy any of those 'shiny' ones from a shop – the natural look is always the best.)

I've written all the words on the cards. It's not from any book – it's all my own work.

Pile the pebbles up in the middle of the classroom in the last week, just before the children leave. They then 'choose' a pebble to take home. I used to laminate the above card and on the back, I'd always scribble a personal message and a head and shoulder cartoon sketch of the pupil, such as:

(All in normal handwriting!)

Rebecca – a fantastic, sporty girl who's always smiling! You're such a popular girl and a brilliant netball player too! Go for it in your new school. Success awaits you!! Love, Mr.Delaney...

(You know the type of thing!)

It's interesting that years and years later, I still bump into children who I've taught who tell me they've still got their pebble and card in a special place – and it reminds them of our school...

Thanks, PD

**Testing and Assessment** Great Britain. Parliament. House of Commons. Children, Schools and Families Committee, 2008 A certain amount of national testing at key points in a child's school career is necessary in order to provide a standardised means of measuring educational attainment But in recent years the Government has emphasised central control of the education system through testing and associated targets and performance tables placing test results in a new and more complex context with wide ranging consequences National test results are used for a wide variety of purposes across many different levels national local institutional and individual Is the current national testing system a valid means by which to achieve these purposes The Committee concludes that in some cases it is not In particular the use of national test results for the purpose of school accountability has resulted in some schools emphasising the maximisation of test results at the expense of a more rounded education for their pupils A variety of classroom practices aimed at improving test results has distorted the education of some children which may leave them unprepared for higher education and employment Teaching to the test and narrowing of the taught curriculum are widespread phenomena in schools resulting in a disproportionate focus on the core subjects of English mathematics and science The Government's proposals for the new single level tests and the new emphasis on the personalised approach to learning may have some positive effects But there is a need for structural modification of the current approach The Committee concludes that the national testing system should be reformed to decouple these multiple purposes in such a way as to remove from schools the imperative to pursue test results at all costs On the 14 19 diplomas the Committee notes that teachers feel unprepared for the new qualifications and there is anxiety about the limited amount of training they are due to receive
