Pilot's Handbook of Aeronautical Knowledge, 2003 Scenario-Based Training with X-Plane and Microsoft Flight Simulator

Bruce Williams, 2011-12-28 Fly toward pilot certification with these real world scenario exercises. Although PC based flight simulations have been available for 30 years, many pilots, instructors, and flight schools don't understand how best to use these tools in real world flight training and pilot proficiency programs. This invaluable reference bridges the gap between simulation tools and real world situations by presenting hands-on scenario based exercises and training tips for the private pilot certificate and instrument rating. As the first of its kind based on FAA Industry Training Standards (FITS), this book steers its focus on a scenario based curriculum that emphasizes real world situations. Experienced pilot and author Bruce Williams ultimately aims to engage the pilot, reinforce the realistic selling point of PC based flight simulations, while also complementing the FAA approved FITS syllabi. Serves as essential reading for pilots who want to make effective use of simulation in their training while expanding their skill level and enjoyment of flying. Covers private pilot real world scenarios and instrument rating scenarios. Includes a guide to recommended websites and other resources. Features helpful charts as well as a glossary. You'll take off towards pilot certification with this invaluable book by your side.

The Adventure Continues Lance Breckinridge, 2015-05-15 The Adventure Continues picks up from the first book in the series, *Waking Up in a Different Time*. In part two, the reader finds Bill and Barbara Kelly getting settled in their new home in suburban Richmond, Virginia. The move from Chicago was a result of Bill's promotion to corporate vice president with Bracken Metals Inc, a large aluminum manufacturer with facilities all over the country. Since moving to Richmond, Bill travels a good part of the time with his executive assistant, Corrina. Barb finds herself without a job for the first time in her married life but is keeping busy with her new interest, flying lessons, and managing their new house. So while Bill travels across the country with his stunning secretary, Barb takes flying lessons, oblivious to the growing relationship between her husband and his assistant. Will Bill resist temptation? Is Corrina using Bill to climb the corporate ladder? Will Barb find out about Bill's extramarital affair? Let's see how it all turns out, shall we?
