

Lesson 1

Lesson 1 Part 1: Introduction 🧑🧑 Analyzing the Development of a Central Idea

LAFS

8.98.1.2: Determine a central idea of a text and analyze its development over the course of the text, including its relationship to supporting ideas.....

Theme: *American Cities*

"Get to the point!" When people you're talking with tell you to "get to the point," they want you to state your **central idea** as clearly and precisely as you can. A central idea is more than just a topic. In the picture below, the topic is "city parks." But what is the artist communicating about city parks? The central idea is what the author has to say about the topic.

Study the picture and read the caption. What is the artist communicating about city parks?

Circle details in the picture that support the central idea stated in the caption.

It's not enough to state a central idea and leave it at that. Authors must develop their central idea by giving you **supporting details**. Supporting details answer questions such as "How do you know?" or "Why is this so?"

Use the details you circled in the picture to help you fill in the chart below.

Central Idea		
City parks are great places to relax and have fun.		
Supporting Detail	Supporting Detail	Supporting Detail
A man is reading the newspaper.	People are having a picnic.	Young people are playing soccer.

When you read, think about the main point the author is trying to make. Look for details that support that point. Remember, though, that sometimes a central idea is implied rather than explicit or obvious.
