ACSM's Resources for the Personal Trainer American College of Sports Medicine, 2013-03-22 ACSM's Resources for the Personal Trainer provides a broad introduction to the field of personal training covering both basic science topics and practical application. It was originally designed to help people prepare for the ACSM Personal Training Certification Exam. It continues to serve that function but the market for it has expanded to practitioners in the field looking for an additional resource as well as in an academic setting where the book is a core text for personal training programs *Oral Communication* Kathryn Sue Young, Howard Paul Travis, Belinda Bernum, 2024-09-30 The twenty first century is revolutionizing personal and professional communication. Technology extends our reach making the study of communication more important than ever. Problem solving, critical thinking and navigating new technologies require the ability to communicate precisely, affordably and engagingly. The fifth edition of this concise yet comprehensive text covers intrapersonal and interpersonal communication, language, nonverbal communication, presentational speaking, persuasion, interviewing and working in teams. The authors present indispensable skills for encoding and decoding messages. Interactive exercises encourage readers to experiment with what they learn about communication to reflect on previous experiences and to think critically about the choices available to them. Practicing communication skills builds competence and confidence in composing clear, compelling messages. Verbal and nonverbal communication affect all interactions; they can enhance relationships or lead to conflict. Studying communication provides a foundation for understanding the components of effective communication prior to sending a message. Each section of the book guides readers in evaluating available choices and encourages them to think about potential consequences, building strong skills for meeting challenges and finding solutions.
