Are We Free?

Psychology and Free Will John Baer, James C. Kaufman, Roy F. Baumeister, 2008-02-25 This book looks both at recent experimental and theoretical work directly related to free will and at ways leading psychologists from all branches of psychology deal with the philosophical problems long associated with the question of free will such as the relationship between determinism and free will and the importance of consciousness in free will It also includes commentaries by leading philosophers on what psychologists can contribute to long running philosophical struggles with this most distinctly human belief These essays should be of interest not only to social scientists but to intelligent and thoughtful readers everywhere
