Loading Mercury With A Pitchfork:

Loading Mercury with a Pitchfork Richard Brautigan, 1976 delicate full of insight and the ability to see and describe the possibilities and complications of the world in a lucid and totally original way *Loading Mercury with a Pitchfork* Richard Brautigan, 1976 Mostly brief frequently enigmatic verses point to the possibilities complications and plausible improbabilities of a world viewed from an original perspective *Visiting Dr. Williams* Sheila Coghill, Thom Tammara, 2011-06 Loved for his decidedly American voice for his painterly rendering of modern urban settings and for his ability to re imagine a living language shaped by the philosophy of no ideas but in things William Carlos Williams 1883 1963 left an indelible mark on modern poetry As each successive generation of poets discovers the new that lives within his work his durability and expansiveness make him an influential poet for the twenty first century as well The one hundred and two poems by one hundred and two poets collected in *Visiting Dr Williams* demonstrate the range of his influence in ways that permanently echo and amplify the transcendent music of his language Contributors include Robert Creeley David Wojahn Maxine Kumin James Laughlin A R Ammons Wendell Berry Heid Erdrich Frank O Hara Lyn Lifshin Denise Levertov Wallace Stevens John Ashbery Allen Ginsberg and a host of others **Richard Brautigan** Marc Chénétier, 2019-10-08 Few contemporary American writers have been subjected to as much laudatory abuse as Richard Brautigan who having become famous in the 1960s was made a cult figure for the hippy generation and was systematically refused recognition as a major novelist once the sentimental wave of the greening of America had passed Marc Chénétier's study originally published in 1983 was the first book to attempt to assess Brautigan's writing art which far from weakening over the years had become amid critical indifference more secure in its techniques more all encompassing in its strategy and more iconoclastic in its goals In analysing most of Brautigan's fictional works in the light of his poetics it examines the mechanisms of his metafictional and deconstructive offensive and indicates the direction in which Brautigan was moving at the time **Fly Me to the Moon** Dayton Lummis, 2013-09-27 To some this collection of commentary and observations fourth in what now must be called The Notational Quartet might seem as remote as the proverbial Man in the Moon But the reader will find it very relevant to the changing and troubled times that we find ourselves in The author has steered the reader and vessel to a distant and little known shore where hope for return to point of origin is very much in doubt The boats that left from the same harbor have rowed away from one another **An Unfortunate Woman** Richard Brautigan, 2001-07-10 Assumes the form of a traveler's journal chronicling the protagonist's journey and his oblique ruminations on the suicide of one woman and the death from cancer of another close friend Jacket **The Edna Webster Collection of Undiscovered Writings** Richard Brautigan, 1999 Published 15 years after his suicide this all new youthful work by Brautigan was written a decade before he found sudden fame with *Trout Fishing in America* *Richard Brautigan* John F. Barber, 2014-12-09 Best known for his novel *Trout Fishing in America* American writer Richard Gary Brautigan 1935 1984 published eleven novels ten poetry collections

and two story collections as well as five volumes of collected work several nonfiction essays and a record album of spoken voice recordings Brautigan's idiosyncratic style and humor caused him to be identified with the counterculture movement of the 1960s The authors of many of these 32 essays knew Brautigan personally and professionally others came to know and respect him through a cultivated connection with his writings The essays many of which are new others of which were published in obscure journals combine personal remembrance of the man and critical appraisal of his still controversial works Includes previously unpublished photographs and artworks *Jubilee Hitchhiker* William Hjortsberg, 2012-04-01

Confident and robust *Jubilee Hitchhiker* is an comprehensive biography of late novelist and poet Richard Brautigan author of *Troutfishing in America* and *A Confederate General from Big Sur* among many others When Brautigan took his own life in September of 1984 his close friends and network of artists and writers were devastated though not entirely surprised To many Brautigan was shrouded in enigma erratic and unpredictable in his habits and presentation But his career was formidable an inspiration to young writers like Hjortsberg trying to get their start Brautigan's career wove its way through both the Beat influenced San Francisco Renaissance in the 1950s and the Flower Power hippie movement of the 1960s while he never claimed direct artistic involvement with either period *Jubilee Hitchhiker* also delves deeply into the spirited times in which he lived As Hjortsberg guides us through his search to uncover Brautigan as a man the reader is pulled deeply into the writer's world Ultimately this is a work that seeks to connect the Brautigan known to his fans with the man who ended his life so abruptly in 1984 while revealing the close ties between his writing and the actual events of his life Part history part biography and part memoir this etches the portrait of a man destroyed by his genius **Cold War Anthropology** David H. Price, 2016-03-26 David H Price uses information from CIA FBI and military records to map the connections between academia and the strategic use of anthropological research to further the goals of the U S military and outline the major influence the American security state has had on the field of anthropology
