Using Accounting Software To Complete Your PAYG Payment Summaries

Accounting Software Packages will not let you enter pays dated after 30th June until you have prepared your Payment Summaries and rolled the payroll to the new payroll year.

However, you may find you don't have time or enough information to prepare the payments summaries before the first payrun of the new payroll year.

Workaround:

1. Create a folder "2013 Payroll"
2. Copy the Accounting File to the folder
3. Additionally take a backup of your Accounting File on a USB device or hard drive and label "payroll2013.zip"
4. Close the file to the new payroll year and enter pays
5. When ready, use the file in 2013 folder or restore the backup and prepare the 2013 payment summaries.

Step 1 – Check employee details

Ensure your Employee Cards have all the necessary information entered, including:

First and Last Name
Address (including the state in capital letters)
