## **My Father Figures:**

**My Father Figures** William J. Gardner, 2013-11 As a military spouse in North Carolina I run into a young female with more problems than a mathematician She is desperately in search of love and attention from a father figure she never came to know as a young girl Confusing love with lust and sex Going from stripping up north to getting bludgeoned down south She is confused and distraught as she is confronted with the choice of life and death in this emotional roller coaster ride that she calls life Based on True Events Father Figure Leandra Logan, 2011-07-15 How To Be A Father Manhattan millionaire Charles Fraser knew everything about closing a deal he knew nothing about being a father figure to a five year old boy in suburbia It was supposed to be simple answer the ad for a male influence stay two weeks and walk away no questions asked no one the wiser But one look at the dimpled boy and his bonafide angel of a mother and all that changed Rose wowed him with a fresh lemonade and porch swings and after one day Charles dreamed of Little League with Lucas and long summer nights with Rose He still knew nothing about being a father though suddenly he was willing to learn But what would happen when Rose found out who he was and why he was really there **My Father and I** David Caron, 2011-02-23 It is a living museum of a long gone Jewish life and supposedly a testimony to the success of the French model of social integration It is a communal home where gay men and women are said to stand in defiance of the French model of social integration It is a place of freedom and tolerance where people of color and lesbians nevertheless feel unwanted and where young Zionists from the suburbs gather every Sunday and sometimes harass Arabs It is a hot topic in the press and on television It is open to the world and open for business It is a place to be seen and a place of invisibility It is like a home to me a place where I feel both safe and out of place and where my father felt comfortable and alienated at the same time It is a place of nostalgia innovation shame pride and anxiety where the local and the global intersect for better and for worse And for better and for worse it is a French neighborhood from My Father and I Mixing personal memoir urban studies cultural history and literary criticism as well as a generous selection of photographs My Father and I focuses on the Marais the oldest surviving neighborhood of Paris It also beautifully reveals the intricacies of the relationship between a Jewish father and a gay son each claiming the same neighborhood as his own Beginning with the history of the Marais and its significance in the construction of a French national identity David Caron proposes a rethinking of community and looks at how Jews Chinese immigrants and gays have made the Marais theirs These communities embody in their engagement of urban space a daily challenge to the French concept of universal citizenship that denies them all political legitimacy Caron moves from the strictly French context to more theoretical issues such as social and political archaism immigration and diaspora survival and haunting the public private divide and group friendship as metaphor for unruly and dynamic forms of community and founding disasters such as AIDS and the Holocaust Caron also tells the story of his father a Hungarian Jew and Holocaust survivor who immigrated to France and once called the Marais home **The Father You Get** Patton Dodd, 2025-09-23 In a

world of imperfect at best and bad at worst dads what is the ideal of fatherhood we aspire to Why does this ideal exist What is it about fathers and father figures that looms so large in the lives of so many So wonders Patton Dodd in this intimate reflection and memoir in which he wrestles with a dad sized hole the gap between the father he yearned to have and the father he got an absent while present alcoholic whose unreliability caused chaos for everyone around him This struggle with the father he was given led to a variety of substituted fathers he created from an imaginary Papa Friend to male mentors he turned into father figures Then there s the father he believed in a Heavenly Father made present by the steadfast and stubborn faith of his earthly mother And finally there is the father Dodd became when he had his own children an experience that led him to track down the source and mystery of the father he got Throughout Dodd s story resonates for anyone who struggles with the fathers they got the fathers they wish they had and anyone struggling to become the parent they hope to be A lyrical emotional meditation on the failures and glories of dadhood *The Father You Get* is an extended wrestling match with the mysteries of a distant parental figure and an attempt to bridge the gap between the fathers we get and the fathers our hearts yearn for

*Driven by Love* Emmanuel Nester, 2016-02-12 Going from being the boy who walks on water in everyone s eyes the boy loved by everyone in the community and the pride of his father s family to being evil incarnate the great Satan A snake to have it head cut off So much was invested in this boy for him to stay on a path that was walked by his family for many generations In the eyes of everyone around him taking this path was the only right thing to do There was no other way In this environment taking a different path meant being lost Regardless of the consequences Emmanuel made a decision to choose a different path after a great encounter with some far greater than his family and friends This decision was the start of a new life for Emmanuel for the first time he experienced treatment that was only reserved for enemies in his community Sometimes the right path is not the easiest one but it is worth it

though scholarly appeal     Buddy System Geoffrey Greif, 2008-08-29 Much has been made of the complex social arrangements that girls and women navigate but little scholarly or popular attention has focused on what friendship means to men Drawing on in depth interviews with nearly 400 men therapist and researcher Geoffrey L Greif takes readers on a guided tour of male friendships explaining what makes them work why they are vital to the health of individuals and communities and how to build the kinds of friendships that can lead to longer and happier lives Another 120 conversations with women help map the differences in what men and women seek from friendships and what if anything men can learn from women s relationships The guiding feature of the book is Greif s typology of male friendships he dispels the myth that men don t have friends showing that men have must trust just and rust friends A must friend is the best friend a man absolutely must call with earthshaking news A trust friend is liked and trusted but not necessarily held as close as a must friend Just friends are casual acquaintances while rust friends have a long history together and can drift in and out of each other s lives essentially picking up where they last left off Understanding the role each of these types of friends play across men s lives reveals fascinating developmental patterns such as how men cope with stress and conflict and how they make and maintain friendships and how their friends keep them active and happy Through the lively words of men themselves and detailed profiles of men from their twenties to their nineties readers may be surprised to find what friendships offer men as well as their families and communities and are sure to learn what makes their own relationships tick     *Karma's Revenge: Cozy Mystery Boxset* Jwyan C. My Father's Shadow David L. Dudley, 2016-11-11 In *My Father's Shadow* David L. Dudley explores a line of African American men's autobiographies starting with Frederick Douglass and moving on through Booker T. Washington, W. E. B. Du Bois, Richard Wright, James Baldwin, Eldridge Cleaver, and Malcolm X. In life, these writers did not enjoy normal relationships with their fathers, who were all unknown, absent, or abusive. Damaged and damaging father-son relationships in childhood, Dudley contends, spill over into adult personal and artistic relationships, clouding and complicating the already complex issue of identity that lies at the core of any autobiographical endeavor. Dudley identifies a kind of intergenerational Oedipus conflict: each rising autobiographer seeks through his text to displace his predecessor in order to gain imaginative space for himself as well as a position of authority in the black and sometimes white community. As each writer strives to come to terms with the powerful father figure in the black male autobiographical tradition, he also wrestles with the larger issue of his own identity in relation to the literary and cultural traditions in which he lives and writes. Dudley also traces the triumph of these writers as they establish their own identity in the face of great personal and societal odds. *My Father's Shadow* is an important contribution to the study of African American literature, history, politics, and culture. It will also serve as an examination of the experiences of seven writers as they struggle with what it means to be a black man and a black writer in America.

**Broken Chains** Counselor Judy, 2015-09-29 Winston Churchill once said that success consists of going from failure to failure without loss of enthusiasm. I have always looked to inspirational quotes like this to get me through hardships, and Churchill's words are no exception. Over the years, I have learned firsthand that I, like everyone else, am not perfect. Instead of allowing my failures to discourage me, I have come to see them as learning experiences that have enlightened me and shaped me into the individual I have finally come to love and respect. All things in life have a silver lining. Through my failures, I have become a more efficient problem solver. I have gathered the strength to move forward in life and accomplish things I never thought possible. This is the story of my life. It was not an easy story for me to tell, since I am a product of childhood abuse and family neglect. I had to come to overcome my shame of being abused, but I knew that by not telling the story, I would forever remain a victim. To become a survivor, I had to speak out about what I endured. In the early years, I developed coping mechanisms like denial and the repression of feelings. At the time, this was the only way I could survive the harmful effects of my childhood traumas. Seeing firsthand how judgmental people can be deterred me from being

open with others about who I was and what I had experienced But eventually I realized that silence and these coping mechanisms I was implementing were keeping me from becoming a healthy individual I began by examining the ways in which my childhood either adversely affected or actually helped me I had to ask myself many painful questions Could I become the good mother I was never shown to be Was I able to break the chains of abuse and neglect Could I finally stop the cycle and show future generations that there is hope that life could be filled with love and free from abuse My children were my lightning rod the reason that I pursued emotional health They made me realize that I had to finally open up and speak out publicly I finally understood that I could make the difference in the lives of others and be a positive influence for someone else Oh how I wish I had had such a person in my childhood But I have learned that my troubled past is not only a part of me it has shaped me into who I have become When I counsel others and hear all the stories I am struck by how many people are still troubled by their painful childhoods and their own personal stories of abuse and neglect Whats remarkable though is that now I am able to focus solely on what they are going through I dont think any more about what I endured rather I think about how I can help I have finally become the person I have always wanted to become in large part because I have learned to accept respect and love myself This knowledge has enabled me to accept respect and love others I believe that we all go through some sort of failures in life and at times many of us have fallen into a cycle of abuse The only difference between those that stay in that cycle and those that break those chains is personal responsibility I believe that we all have the potential to break the chains of abuse and neglect The key factor is whether we chose to do something about it
