Stanley Sipka, 2020-10-07 The book is about me and my interaction with students faculty and everyone else I want to move
through my life from birth to the present The 85 years of life have been eventful and I am grateful for those who helped me
arrive at this point in life I want to convey the events that guided me through my early years grade high school Army
marriage college teaching and retirement Each day was a learning experience The goal was to make teaching more
rewarding to the students Many assignments that are included were not present when I started in 1965 My work during the
summers helped me understand the innovations NC numerical control CNC computer numerical control EDM electric
discharge machining That learning helped me convey that knowledge to the students Included are jobs made by the students
that were designed to provide similar experiences found in the machining industry There are stories about students and
teachers that filled my days as a teacher Lastly there are assignments a person can try My only comment is don't do the last
two because they are difficult That was a favorite comment to get students to work the difficult problems Soldiering on -
Finding My Homes Christine Kriha Kastner, 2011-04-27 Some military brats rode camels in Arabia others leaped from
parachute training towers but this little army brat rode backwards in the rear jump seat of the family station wagon all the

way across America without a seatbelt Christine Kriha Kastner grew up the only way she knew on military bases stateside and around the world By the time she turned in her military I D card when her father retired from the U S Army she had lived in fifteen different houses and attended ten different schools Situation normal for an army brat Living on Okinawa was a memorable overseas assignment So when an opportunity to return to that little island in the Pacific Ocean arose after forty years she couldn't pass it up Kastner returned to the island she remembered from her youth with the 73 year old mother of one of her best friends Together they took a Kubasaki High School reunion trip timed to coincide with the 4th Uchinanchu Festival that brought thousands of Okinawans back to the island from all over the world It was the adventure of their lifetimes just not quite the karaoke sake and pachinko experience they expected

Enos George Forss, 2007-08-31 Enos is a biblical character Enos is the grandson of Adam In different bibles this name is spelled Enos Enoch and Enosh It is said that Enos was the first human being to reach up to the heavens to pray to God for guidance Enos as far as science is concerned would be the first early on human being that paused one day suddenly to speak to God in the sky This is so because somewhere in our past there would have to be a first person to do something like this My book ENOS is my own prayerful quest to know the whole truth about humanity at long last I do have it here I believe I do because I asked for some guidance from God as did Enos I started writing my book in 1983 and it is based on a stark experience I had when I encountered some amazing wisdom in 1969 This experience made me want to know more about God in life My quest is based on a book I read that a young woman named Buffy put together in 1969 which had the wisest words I have ever encountered Buffy had what she called a report She had a report that claimed to contain the real truth about humanity in the universe My book Enos is a similar phenomenal report about humanity and much more My book is much the same as Buffys report because it is a recreation of what I saw in her report that indeed some Aliens did come to the earth in 1969 to create a new bible for our world There is a conversation that goes on for about 400 pages of my writing In this way a new body of wisdom is born My writing is about 700 pages in total My book is not about my view of the universe revealing Gods might to us My book is more like a prayerful quest because I am asking God in the universe for answers I know that I have the same basic wisdom contained in Buffys book My writing contains hundreds of new finding sentences We know these as long standing wise sayings like He Who Lives by the Sword Will Die by the Sword A few years after I met Buffy from the day when she told me that some wise Aliens had abducted her and her friends I ran into

Buffy again When I questioned her she said her report from those days was junk She said You know how we were in those days George Her report wasn't junk to me and I had to have it back Buffy didn't even know where her original report book was On this very occasion I made a vow to God and I started getting finding sentences immediately These are transcribed all throughout my writing God always wins In ENOS we learn that humanity is a part of God and part of some advanced Alien life form intelligence that came to the earth about 200 000 years ago I am talking about the giants we read about in our basic Christian Bible in Genesis This situation of a foreign intelligence cannot last long and when it is over only a Godly being will remain that suits this earth perfectly for a very long time This foreign intelligence is humanity Enos is about God in the universe Enos teaches us how to live freely for a million years Enos is a new American style mindset American lingo about the wisdom that all natural creatures have known through the eons The Aliens themselves in Enos are an amazing perfectly natural life form that has survived a long time in evolution to become who they are now who they want to be My book has to be known as a religion This bold statement goes along with the process by which I have been able to write this book out at all Enos is also an overly long diatribe of rhetorical writing that many will not like and some will be completely enthralled by It can also be looked upon as being a book of poetry Enos has about 50 poems in it a few long poems and many short ones and many passages that are poetic like The Aliens in my report say that this entire writing is a prolonged poem *The War of My Generation* David Kieran, 2015-08-04 Following the 9 11 attacks approximately four million Americans have turned eighteen each year and more than fifty million children have been born These members of the millennial and post millennial generation have come of age in a moment marked by increased anxiety about terrorism two protracted wars and policies that have raised questions about the United States's role abroad and at home Young people have not been shielded from the attacks or from the wars and policy debates that followed Instead they have been active participants as potential military recruits and organizers for social justice amid anti immigration policies as students in schools learning about the attacks or readers of young adult literature about wars The War of My Generation is the first essay collection to focus specifically on how the terrorist attacks and their aftermath have shaped these new generations of Americans Drawing from a variety of disciplines including anthropology sociology cultural studies and literary studies the essays cover a wide range of topics from graphic war images in the classroom to computer games designed to promote military recruitment to emails from parents in the combat zone The collection considers what cultural factors and products have shaped young people's experience of the 9 11 attacks the wars that have followed and their experiences as emerging citizen subjects in that moment Revealing how young people understand the War on Terror and how adults understand the way young people think The War of My Generation offers groundbreaking research on catastrophic events still fresh in our minds Silent Sons Robert Ackerman, 2008-06-30 It could be you or someone you love Strong silent types are everywhere and it is their telltale silence that has kept their problems hidden until now A silent son can come from a family that coped with violence alcoholism child

abuse extreme rigidity or divorce but all silent sons have certain common characteristics They keep things that bother them to themselves They deny that unpleasant events occur They fear letting people know them They have difficulty interacting with their parents spouses or children They have a strong fear of criticism They are often angry In *Silent Sons* Dr Robert Ackerman a silent son himself examines the problems that commonly confront silent sons keeping them from experiencing the full range of human emotions In a compassionate and hopeful voice the author defines the silent son and examines the impact of parents particularly fathers on these men and shows how their dysfunctional upbringing affects their present relationships especially with women By putting aside anger finding peace with one s self and looking for support from other silent sons Dr Ackerman feels every man can realize his full potential and become a well balanced healthy survivor Zac Zap The Great Big Canoe Race Michael Verrett,2019-07-19 For Zac Zap a boy with spina bifida the wacky adventures continue In this second book adventure finds Zac Zap His bustling city introduces the trolley and with the help of the friendly trolley driver Mr Wes Zac and his wheel chair explore like never before When he and Mr Wes foil a robbery the local head of Acme Trolley fire Mr Wes in spite of his heroics The replacements trolley drivers are indifferent to Zac s condition and incompetent Zac becomes a loss boy when he is mistakenly put in a mail car and sent west hundreds of miles A series of mishaps has him working for the rail company driving a bus and arriving in the town of Smartinville on the bayou Teche just in time to help his friend Amy participate in the Great Big Canoe Race Amy who has Down syndrome and Zac must out paddle and outwit the competition bears a swamp monster hidden traps and villains galore **Proving Manhood** Timothy Beneke,1997 Essential reading for understanding the modern American man and his struggle with the women in his life
