Price, 2020-04-21 In this fourth volume of Robert M Price s celebrated Holy Fable series he turns his critical lens away from the Bible and toward a broader range of scriptural works that were written or rediscovered in modern times Employing the same sympathetic but eagle eyed treatment that defined past volumes he offers in depth analysis of the Joseph Smith penned Book of Mormon the long sealed Gospel according to Thomas the New Age Jesus of the Aquarian Gospel the H P Lovecraft invented Necronomicon and the Andrew Lloyd Webber and Tim Rice rock opera Jesus Christ Superstar With his trademark scholarship and wit he demonstrates how and why this eclectic mix of contemporary scriptural work provides genuine spiritual inspiration to a colorful variety of religious groups and seekers today *A Tour of Fabletown* Neta Gordon, 2016-03-28 In 2002 Vertigo DC Comics published the first issue of Bill Willingham s Fables The series imagined the lives of fairy tale figures Snow White the Big Bad Wolf Cinderella and the ubiquitous Prince Charming among many others as they made new lives for themselves in modern day New York City having fled their storied homeworlds following an invasion After 150 issues and many awards Fables concluded its run in July 2015 This study the first about the sprawling complex series discusses such topics as Fables status as a contemporary adaptation of folk and fairy tales its use of conventional genres like sword and sorcery crime and romance its portrayal of social and political relationships and its self referential moments Providing a detailed introduction to the themes and ideas in the series the author explores how Fables portrays redemption the function of community and how our hopes and fears influence our ideal of happily ever after *Graphic Novels* Michael Pawuk, David S. Religion Matters: Volume 2 P. T. Babie,Rick Sarre,2024-07-19 This book constitutes the second volume of Religion Matters The Contemporary Relevance of Religion Springer 2020 Offering a fresh and much needed perspective it explores the role of religion in the modern neo liberal world The book acclaims that religion is a contextual and contested term which is extensively discussed in the Introduction Designed to be read selectively this book allows readers to delve into topics and traditions of specific interest without the necessity of reading the entire volume In contrast to volume 1 where contributors critically engaged with religion and various disciplines this book poses a fundamental question Can religion contribute to the discipline under consideration Authors were selected based on their ability to address this question Some chapters concluded that religion may offer very little to the discipline under consideration highlighting the value of volume 1 s critical stance on the place of religion in contemporary society However the project s overall aim remained somewhat unfulfilled leading to the creation of this second volume The primary omission from the first book was a comprehensive exploration of the sciences and health sciences which this second volume aims to rectify Furthermore additional authors were chosen to investigate the nature of connectedness facilitated by religion horizontally through membership within wider communities societies cultures or religious traditions and vertically by examining historical relationships within a particular faith tradition culture community or society This volume also broadens its focus to include non Christian perspectives Indigenous perspectives and an increased representation of female contributors
