**Flash!** Govert Schilling, 2002-04-18 The origin and nature of gamma ray bursts is currently one of the greatest mysteries in astrophysics These tremendously powerful blasts produce more energy in a fraction of a second than our Sun does in ten billion years Since their accidental discovery by American spy satellites over thirty years ago astronomers have striven to understand these enigmatic explosions It is only recently thanks to an Italian Dutch satellite and powerful telescopes both on the ground and in space that the mystery is beginning to be unravelled Astronomers now realise that gamma ray bursts are probably related to the birth of black holes in extremely distant galaxies Flash describes the fast moving field of gamma ray burst research from the initial detection right up to the most recent discoveries Based on interviews with leading scientists this exciting book provides an inside view of the scientific challenges involved in unravelling the mystery of gamma ray bursts *The Flash Press* Patricia Cline Cohen, Timothy J. Gilfoyle, Helen Lefkowitz Horowitz, American Antiquarian Society, 2008-09-15 Obscene libidinous loathsome lascivious Those were just some of the ways critics described the nineteenth century weeklies that covered and publicized New York City's extensive sexual underworld Publications like the Flash and the Whip distinguished by a captivating brew of lowbrow humor and titillating gossip about prostitutes theater denizens and sporting events were not the sort generally bound in leather for future reference and despite their popularity with an enthusiastic readership they quickly receded into almost complete obscurity Recently though two sizable collections of these papers have resurfaced and in The Flash Press three renowned scholars provide a landmark study of their significance as well as a wide selection of their ribald articles and illustrations Including short tales of urban life editorials on prostitution and moralizing rants against homosexuality these selections epitomize a distinct form of urban journalism Here in addition to providing a thorough overview of this colorful reportage its editors and its audience the authors examine nineteenth century ideas of sexuality and freedom that mixed Tom Paine's republicanism with elements of the Marquis de Sade's sexual ideology They also trace the evolution of censorship and obscenity law showing how a string of legal battles ultimately led to the demise of the flash papers editors were hauled into court sentenced to jail for criminal obscenity and libel and eventually pushed out of business But not before they forever changed the debate over public sexuality and freedom of expression in America's most important city

**Christianity Made Simple:**

**Flash** John Young, 2011-04-29 The books in this bite sized new series contain no complicated techniques or tricky materials making them ideal for the busy the time pressured or the merely curious Christianity Made Simple is a short and to the point guide to Christianity In just 96 pages the reader will learn all about the history beliefs and traditions of this major world faith Ideal for the busy the time pressured or the merely curious Christianity Made Simple is a quick no effort way to break into
