

# THE FLOWER OF HEAVEN

The flower of heaven could  
revive you from death  
the flower of heaven could take you  
to heaven  
the flower of heaven could make  
you indestructible  
and the flower could even destroy  
SET  
but it was only for good like angels  
not for evil

**Universal Dictionary of the English Language** Robert Hunter, Charles Morris, 1897     Home and Flowers , 1901

The Flower of Paradise David J. Rothenberg, 2011-09-14 There is a striking similarity between Marian devotional songs and secular love songs of the late Middle Ages and Renaissance Two disparate genres one sacred the other secular one Latin the other vernacular both praise an idealized impossibly virtuous woman Each does so through highly stylized derivations of traditional medieval song forms Marian prayer derived from earlier Gregorian chant and love songs and lyrics from medieval courtly song Yet despite their obvious similarities the two musical and poetic traditions have rarely been studied together Author David J Rothenberg takes on this task with remarkable success producing a useful and broad introduction to Marian music and liturgy and then coupling that with an incisive comparative analysis of these devotional forms and the words and music of secular love songs of the period The Flower of Paradise examines the interplay of Marian devotional and secular poetics within polyphonic music from ca 1200 to ca 1500 Through case studies of works that demonstrate a specific symbolic resonance between Marian devotion and secular song the book illustrates the distinctive ethos of this period in European culture Rothenberg makes use of an impressive command of liturgical and religious studies literature and poetry and art history to craft a study with wide application across disciplinary boundaries With its broad scope and unique incisive analysis this book will open up new ways of thinking about the history and development of secular and sacred music and the Marian tradition for scholars students and anyone with an interest in medieval and Renaissance religious culture     **Music and**

Emmanuel Javert

Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her

call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key
