Review Clifford Smyth, 1926 The Generation Myth Bobby Duffy, 2021-11-09 Millennials Baby Boomers Gen Z we like to define people by when they were born but an acclaimed social researcher explains why we shouldn't Boomers are narcissists Millennials are spoiled Gen Zers are lazy We assume people born around the same time have basically the same values It makes for good headlines but is it true Bobby Duffy has spent years studying generational distinctions In The Generation Myth he argues that our generational identities are not fixed but fluid reforming throughout our lives Based on an analysis of what over three million people really think about homeownership sex well being and more Duffy offers a new model for understanding how generations form how they shape societies and why generational differences aren't as sharp as we think The Generation Myth is a vital rejoinder to alarmist worries about generational warfare and social decline The kids are all right it turns out Their parents are too *The Selfishness of Others* Kristin Dombek, 2016-08-16 They're among us but they are not like us They manipulate lie cheat and steal They are irresistibly charming and accomplished appearing to live in a radiance beyond what we are capable of But narcissists are empty No one knows exactly what everyone else is full of some kind of a soul or personhood but whatever it is experts agree that narcissists do not have it So goes the popular understanding of narcissism or NPD narcissistic personality disorder And it's more prevalent than ever according to recent articles in *The New York Times* *The Atlantic* and *Time* In bestsellers like *The Narcissism Epidemic* *Narcissists Exposed* and

The Narcissist Next Door pop psychologists have armed the normal with tools to identify and combat the vampiric influence of this rising population while on websites like narcissismsurvivor.com thousands of people congregate to swap horror stories about relationships with narcs In The Selfishness of Others the essayist Kristin Dombek provides a clear sighted account of how a rare clinical diagnosis became a fluid cultural phenomenon a repository for our deepest fears about love friendship and family She cuts through hysteria in search of the razor thin line between pathology and common selfishness writing with robust skepticism toward the prophets of NPD and genuine empathy for those who see themselves as its victims And finally she shares her own story in a candid effort to find a path away from the cycle of fear and blame and toward a more forgiving and rewarding life
