

The background of the cover is a painting depicting a chaotic battle scene. Soldiers in dark uniforms are engaged in combat within a trench or on a battlefield. There is a lot of smoke and a sense of movement. The style is somewhat impressionistic or expressionistic, with visible brushstrokes and a muted color palette of browns, greys, and blues.

Roger Martin du Gard and Maumort Benjamin Franklin Martin, 2017-05-15 In the late 1930s and early 1940s Roger Martin du Gard was one of the most famous writers in the Western world He won the Nobel Prize for Literature in 1937 and his works especially *Les Thibault* a multivolume novel were translated into English and read widely Today this close friend of André Gide Albert Camus and André Malraux is almost unknown largely because he left unfinished the long project he began in the 1940s Lieutenant Colonel de Maumort Initially the novel is an account of the French experience during World War II and the German occupation as seen through the eyes of a retired army officer Yet through Maumort's series of recollections it becomes a morality tale that questions the values of late nineteenth and early twentieth century European civilization A fragmentary version of the novel was published in 1983 twenty-five years after its author's death and an English translation appeared in 1999 Even incomplete it is a work of haunting brilliance In this groundbreaking study Benjamin Franklin Martin recovers the life and times of Roger Martin du Gard and those closest to him He describes the genius of Martin du Gard's literature and the causes of his decline by analyzing thousands of pages from journals and correspondence To the outside world the writer and his family were staid

representatives of the French bourgeoisie Behind this veil of secrecy however they were passionate and combative tearing each other apart through words and deeds in clashes over life love and faith Martin interweaves their accounts with the expert narration that distinguishes all of his books creating a blend of intellectual history family drama and biography that will appeal to scholars students and general readers alike *Roger Martin Du Gard* David L. Schalk, 2019-06-30 When he was awarded the Nobel Prize for Literature in 1937 Roger Martin du Gard had achieved fame as the author of *Jean Barois* and the series of family novels entitled *Les Thibault* His *Oeuvres Complètes* was published in 1955 three years before his death with a Preface by Albert Camus Using an interdisciplinary method Professor Schalk traces the novelist's development emphasizing the impact on his writing of such momentous events as the Dreyfus Affair and the First World War Martin du Gard is shown to be an important transitional figure in ways not heretofore recognized His treatment of historical events is compared with that of such writers as Proust Anatole France Jules Romains and Sartre and the possible contribution of the novel to a greater understanding of history is explored Citations from the novelist's correspondence help to document the analysis of his changing attitudes as they are reflected in his fiction **Rosa Luxemburg** J.P. Nettl, 2019-02-19 A classic book on the legacy of Rosa Luxemburg's work with essays of political analysis by leading scholars the inspirational power of Rosa Luxemburg 1871-1919 remains as important today as it was in her lifetime An uncompromising original thinker and revolutionary activist Luxemburg's efforts to develop an emancipatory version of Marxism through her involvement with Polish Russian and German Social Democratic parties and then the Spartacist League ensured her position as an influential force yet resulted in her brutal murder during the January 1919 uprising in Berlin J.P. Nettl's biography was first published half a century ago and remains the most detailed and comprehensive study of Rosa Luxemburg to date His extensive knowledge of the social and political context of the European socialist movements in which she was active and his engagement with her voluminous writings in German Polish and Russian many of which are only now being translated into English brings to light the multidimensional nature of her life and work This new edition will enable a new generation to explore Luxemburg's political and activist work as well as grasp the unique personality of this remarkable woman theoretician and revolutionary *The Mediatization of War and Peace* Christoph Cornelissen, Marco Mondini, 2021-02-08 During the First World War mass media achieved an enormous and continuously growing importance in all belligerent countries Newspaper illustrated magazines comics pamphlets and instant books fictional works photography and the new born theater of imagery the cinema were crucial in order to create a heroic vision of the events to mobilize and maintain the consensus on the war But their role was pivotal also in creating the image of the war's end and finally together with a widespread new literary genre the war memoirs to shape the collective memory of the conflict for the next generations Even before November 1918 the media raised high expectations for a multifaceted peace a new global order the beginning of a peaceful era the occasion for a regenerating apocalypse Likewise in the following decades particularly war literature and

cinema were pivotal to reverse the icon of the Great War as an epic crusade and a glorious chapter of the national history and to create the hegemonic image of a senseless carnage The Mediatization of War and Peace focalizes on the central role played by mass media in the tortuous transition to the post war period as well as on the profound disenchantment generated by their prophecies

intimité avec une ville dont on peut prétendre partager les souvenirs après avoir tourné la dernière page Et même si les pierres n'ont pas dévoilé tous leurs mystères l'étymologie des rues lavalloises minutieusement et méthodiquement recensées n'aura plus de secrets pour vous L'Adieu à l'Europe Olivier Compagnon, 2013-10-16 Il est temps que l'histoire de la Grande guerre devienne véritablement mondiale Elle n'est le plus souvent qu'une histoire européenne l'exception de l'entrée en guerre des États-Unis L'Amérique latine semble n'y avoir aucune place comme si elle s'était tenue en marge du conflit Pourtant l'Argentine et le Brésil ont bien affronté la guerre Les populations largement composées d'immigrants européens se sont senties concernées par l'issue des combats d'autant que de nombreuses communautés taient appelées rejoindre leur patrie en Europe et prendre les armes L'impact de la guerre se fit sentir aussi dans le domaine économique et transforma en profondeur les sociétés latino-américaines Spectatrices du suicide de l'Europe elles ont été choquées par cet effondrement d'une civilisation qu'elles admiraient Les intellectuels jusqu'alors convaincus de la nécessité d'imiter la culture européenne s'en sont détournés pour la seconde fois après les indépendances du début XIXe siècle et ont commencé promouvoir d'autres modèles d'autres idéaux culturels du panaméricanisme l'affirmation nationale Il n'est pas ici question des sempiternelles histoires de poilus ou des défaits sur les résistances l'effort de guerre L'Adieu à l'Europe propose une histoire d'Europe depuis cet ailleurs si proche et si lointain qu'est l'Amérique latine À ce titre il ne se contente pas de renouveler notre géographie de la guerre il offre aussi un plaidoyer pour une autre histoire du XXe siècle latino-américain **La France de la Première Guerre mondiale**
