Make Love to Your Man Jaqueline George,2021-08-17 There are heaps and heaps of books instructing men how to love their women but very few that go the other way excuse the pun It seems that making love to a woman is difficult and needs to be learned while making love to a man is easy and every woman instinctively knows how to do it If you think about it that is very unlikely to be true You can only love men well if you understand them and you have to admit that most women don t Here is a light hearted quest to find what a woman can do to give her man the very best of the best in bed or on the sofa or in the phone booth on the way home wherever Every woman makes love to her man with her heart but just where do you learn how to do it with your mind and body too Here is a chance to peep into the sexy world between your man s ears and lots of practical advice on what to do to drive him wild Now you can be the most skilful lover he has ever experienced Reviews for the First Edition How to make Wild Passionate Love to your Man This is a wonderful book for women who want to know how to please their men Lots of good advice and techniques included in these pages If you re always wondered what makes our men happy in bed this is a must read Keta Diablo Jacqueline George understands a woman s power to pleasure a man With tasteful candor she unpacks all the ways men are craving the passionate lovemaking of a skilled woman I m giving the book to my wife with the hope that she will enjoy it learn from it and heighten in her womanly wiles with me Oliver Twist This is a good book and it has great information but some of this won t work if your man is stubborn Half of the stuff in here would never fly with my husband Edit The more I read this book the more I like it There are parts of it that just make me giggle T Gilpin This book is very witty written with warmth and intelligence It is a light hearted look at the dynamics between men and women Of course the book is aimed at women and what they can do to enhance the experience for their men hmmm I suppose this makes a change from expecting them to perform to a certain standard It s a fun read with tricks to try and ideas to thrill Gemma Parkes **The Female Figure in Contemporary Historical Fiction** K. Cooper,E. Short,2012-10-29 From The Other Boleyn Girl to Fingersmith this collection explores the popularity of female centred historical novels in recent years It asks how these representations are influenced by contemporary gender politics and whether they can be seen as part

This book is a study of female virginity loss and its representations in popular Anglophone literatures It explores dominant cultural narratives around what makes a good female virginity loss experience by examining two key forms of popular literature autobiographical virginity loss stories and popular romance fiction In particular this book focuses on how female sexual desire and romantic love have become entangled in the contemporary cultural imagination leading to the emergence of a dominant paradigm which dictates that for women sexual desire and love are and should be intrinsically linked together something which has greatly affected cultural scripts for virginity loss This book examines the ways in which this paradigm has been negotiated upheld subverted and resisted in depictions of virginity loss in popular literatures unpacking the romanticisation of the idea of the right one and the right time
