**Cross-Border Resource Management** Rongxing Guo, 2012-12-31 In discussing theoretical and analytical issues relating to cross border resource management this book explores a group of geographical political legal economic and cultural factors that arise when political units such as sovereign countries dependent states and other administrative units seek to maximize their political and economic interests while minimizing the resultant damage e.g. resource degradation and preservation of the physical environment The book is organized into three parts Part one discusses the theoretical issues relating to cross border development and the cross border management of natural and environmental resources Part two provides a variety of alternatives to advancing cross border development as well as of options for cross border management of resource exploitation and for cross border conflict management In Part three using the theoretical and methodological frameworks that have been discussed in Parts one and two respectively two in depth case studies on cross border development and resource management are provided Examines various types of cross border areas at both international and sub national levels throughout the world as well as their geographical political economic and cultural influences on the cross border resource management Uses the latest international and area data resulting in new findings for cross border environmental activities Contains numerous case studies throughout the world including in depth case studies of cross border resource management

The Theoretical and Practical Dimensions of Regionalism in East Asia Karolina Klecha-Tylec, 2016-11-29

This book provides a comprehensive overview of developments in East Asian regionalism combining qualitative evidence with empirical quantitative analysis It argues that two dominant processes have formed East Asian regionalism 1 regionalization and 2 inter regionalism Klecha Tylec examines the differences between traditional and new regionalisms as they apply to East Asia the differences between East Asian and European regionalism the role of the United States in shaping regional links and the evolution of the three key structures of ASEAN ASEAN 3 and Asia Summits The book is unique for examining together the network zonal and geospatial dimensions of relations in East Asia as they apply at micro regional sub regional macro regional trans regional and inter regional levels The book offers a detailed analysis of intra regional links and the

hybrid relationships between micro regions and nation states      State, Foreign Operations, and Related Programs Appropriations for 2012: Testimony of members of Congress; testimony of interested individuals and organizations United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs,2011      Liquid Sovereignty: Post-Colonial Statehood of China and India in the New International Order Aleš Karmazin,2023-12-22 This book project studies the variation of sovereignty in international order by analysing how the general model of sovereignty is localised in the political practice of two major non Western rising powers namely China and India It aims to investigate how the sovereignty of these states is constituted which includes the question of how sovereignty works and becomes constituted in specific contexts and cases that fall outside the discourses and positions of the so called Westphalian conservative absolutist sovereignty that is dominantly advocated by these two states on a global level The core of this project explores specific contested cases and situates them vis vis the broader approaches of China and India to sovereignty I specifically analyse four particular cases China s approach to sovereignty in relation to Hong Kong and Taiwan and India s approach to sovereignty in relation to Bhutan and Kashmir In doing so I will illustrate that sovereignty is a flexible and plasticphenomenon which can be intertwined with principles models or practices that are usually seen as divergent from or contradicting sovereignty for example those that derive from China s and India s imperial and colonial history      **State, Foreign Operations, and Related Programs Appropriations for 2012** United States.
