Background: Parrot with rule of thirds grid Color/Type/Size of Font: n/a Actual text: n/a		Narration: Let's take a look at this photo. Would you consider this a snapshot or a photograph? First of all, take into consideration that there is a flamingo cut out of the frame on the left. The other two flamingos are centered in the frame, with a lot of negative space. I would consider this a snapshot. There doesn't seem to be any use of the elements or principles. The details of the flamingos are not captured because they are so far away. Audio: n/a
