*Rewrite the Mother Code* Gertrude Lyons, 2025-05-13 In *Rewrite the Mother Code*, Dr. Gertrude Lyons challenges the limiting beliefs and expands the concepts around what it is to be a mother. Through the pages of this book, Lyons blurs the lines that pigeonhole women into limited roles that ultimately disempower them. Rather than operating within a narrow conception of what mothering is, she invites readers to open themselves up to what is possible and see the truth that all women mother, and that mother energy is accessible to all of us, including men. *Rewrite the Mother Code* is a celebration of motherhood, bringing spirituality and community back into the experience and empowering women to be what they truly are: the ultimate creators. What it would be like if it was a commonly held tradition for the wise women in our Western culture to support women through the mothering process. What if children were raised by the community and not the isolated responsibility of one or two caregivers? What if all women were united as mothers and gave their full support to each other's mothering choices? *Rewrite the Mother Code* not only envisions this world of conscious conception, pregnancy, and motherhood, but it also takes the reader into a movement that fulfills the ideals of a matriarchal-led mothering experience. These ideals can open the doors for women to not only take part in the abundance of the world but also make sure everyone else experiences it. *Rewrite the Mother Code* explores a world in which mothers feel valued and intrinsically aware that fostering their well-being is the keystone for conscious and harmonious living on earth, a world where there are enough resources for everyone, all life is valued, and decisions are made with everyone's best interests in mind, not just a few. It's a

world where mothers are revered for their abilities to create even ones without their own children who journey through motherhood in many creative ways a place where we can tap into our intuition and truly follow it Rewrite the Mother Code blurs the lines that pigeonhole women into limited roles that ultimately disempower them Rather than operating with a narrow conception of what mothering is it invites you to open yourself up to what is possible when you realize that all women mother and that mother energy is accessible to all of us including men In Rewrite the Mother Code Dr Gertrude Lyons shares her vast expertise using her doctoral degree in education combined with her degrees in psychology transformational leadership and her two decades as a coach for families couples and individuals She has traveled the world and had spiritual experiences across the globe which she brings into her work and writing Each chapter of Rewrite the Mother Code has thoughtfully tailored reflections meditations and rituals to help women get in touch with their innate mother wisdom and strength This book is a ceremony and celebration of all forms of motherhood one that collectively births a new revolution of empowered and embodied living
