s or Paris's authority to fix and determine literary value. In so doing they propounded new conceptions of aesthetic accomplishment that were later codified as modernism. However, after World War II, an assertive American literary establishment repurposed literary modernism to boost the cultural prestige of the United States in the Cold War and to contest Soviet conceptions of world literature. Here, in accomplished readings of major works and essays by Henry James, Ezra Pound, W. B. Yeats, T. S. Eliot, James Joyce, F. Scott Fitzgerald, Eugene O'Neill, and Derek Walcott, Joe Cleary situates Anglophone modernism in terms of the rise and fall of European and American empires, changing world literary systems, and disputed histories of world literature.

*Classical Hollywood, American Modernism* Jordan Brower, 2024-01-18 This book charts the Hollywood studio system's genesis, international dominance, and self-understood demise by way of its influences on modernist literature in the United States. **Fear, Cultural Anxiety, and Transformation** Scott A. Lukas, John Marmysz, 2010-06-22 This collection was inspired by the observation that film remakes offer us the opportunity to revisit important issues, stories, themes, and topics in a manner that is especially relevant and meaningful to contemporary audiences. Like mythic stories that are told again and again in differing ways, film remakes present us with updated perspectives on timeless ideas. While some remakes succeed and others fail aesthetically, they always say something about the culture in which and for which they are produced. Contributors explore the ways in which the fears of death, loss of self, and bodily violence have been expressed and then reinterpreted in such films.

and remakes as Invasion of the Body Snatchers Night of the Living Dead and Dawn of the Dead Films such as Rollerball The Ring The Grudge The Great Yokai Wars and Insomnia are discussed as well because of their ability to give voice to collective anxieties concerning cultural change nihilism and globalization While opening on a note that emphasizes the compulsion of filmmakers to revisit issues concerning fear and anxiety this collection ends by using films like Solaris King Kong Star Trek Doom and Van Helsing to suggest that repeated confrontation with these issues allows the opportunity for creative and positive transformation
