2012 GCSE English results Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007 09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do *Independent Schools Yearbook 2012-2013* none, 2013-06-20 The highly respected book of reference of sought after Independent Schools in membership of the Independent Schools Council's Associations HMC GSA The Society of Heads IAPS ISA and COBIS

**From GCSEs to EBCs** Great Britain. Parliament. House of Commons. Education Committee, 2013 The Government's plans for replacing GCSEs with new English Baccalaureate Certificates in some subjects

is trying to do too much too fast Introducing several fundamental changes at the same time and to a tight timetable will jeopardise the quality of the reforms and may threaten the stability of the wider exam system GCSEs need significant improvements in order to restore public confidence in the exam system but the Government still needs to make the case that the GCSE brand is so discredited that it is beyond repair MPs are also concerned about the impact of the changes on subjects outside the English Baccalaureate where students will be taking GCSEs for some time to come according to the Government's plans The report also questions how well the Government's proposals will serve lower attaining pupils who are often the most disadvantaged There is no evidence that the proposed changes will help to tackle under achievement or narrow the attainment gap between the richest and poorest students any more effectively than GCSEs The Government is also called upon to re think its plans for a Statement of Achievement specifically for lower attaining pupils MPs agree that changes are needed to the way in which exams are run but they raise serious concerns about franchising subjects to exam boards The report is critical of the Government's decision to abolish some GCSEs before publishing the outcomes of the National Curriculum Review and its proposed changes to the school accountability system MPs also note the wide ranging stakeholder opposition to many of the Government's proposals

*Forward with Classics* Arlene Holmes-Henderson, Steven Hunt, Mai Musié, 2018-08-09 Despite their removal from England's National Curriculum in 1988 and claims of elitism Latin and Greek are increasingly re entering the mainstream educational arena Since 2012 there have been more students in state maintained schools in England studying classical subjects than in independent schools and the number of schools offering Classics continues to rise in the state maintained sector The teaching and learning of Latin and Greek is not however confined to the classroom community based learning for adults and children is facilitated in newly established regional Classics hubs in evenings and at weekends in universities as part of outreach and even in parks and in prisons This book investigates the motivations of teachers and learners behind the rise of Classics in the classroom and in communities and explores ways in which knowledge of classical languages is considered valuable for diverse learners in the 21st century The role of classical languages within the English educational policy landscape is examined as new possibilities exist for introducing Latin and Greek into school curricula The state of Classics education internationally is also investigated with case studies presenting the status quo in policy and practice from Australasia North America the rest of Europe and worldwide The priorities for the future of Classics education in these diverse locations are compared and contrasted by the editors who conjecture what strategies are conducive to success

Dare to be Different Will Ryan, 2018-01-26 Will Ryan's *Dare to be Different* A leadership fable about transformational change in schools tells the fictional tale of Brian Smith a primary school head teacher who listens to what his political masters have to say but then sets out to inspire real transformational change by doing the exact opposite and leading through his own values and beliefs Writer and novelist Michael Korda claims that the fastest way to succeed is to look like you are playing to someone else's rules whilst quietly

playing by your own Dare to be Different illustrates how real transformational change can occur when a school leader does just that as Will Ryan shares the trials and tribulations of the story's fearless protagonist Brian Smith as he endeavours to take back ownership of what happens in the classroom Exploring the significant challenges that school leaders often have to overcome in order to turn their dream into a reality Dare to be Different lays before the reader a model of inspirational school leadership in this engaging and humorous take on life in modern schools The story is told through the eyes and experiences of Brian as he resists top down government directives on how his school should be run and instead strives to build a vibrant curriculum with which to hook the imaginations of today's children Scattered among the narrative's twists and turns are deeper insights into the nature and purpose of schooling that are sure to rekindle school leaders' passion for pupil centred education over policy led prescription and which will motivate them to dare to be different in standing up for the education they believe in Whilst it may be a fable with fictitious characters Dare to be Different is based on real schools schools in which the author has worked with leaders and teachers who by applying their deeply held educational beliefs accelerate learning and provide exciting learning opportunities for their pupils Will Ryan has condensed and interwoven his forty three years worth of accumulated experience of going in and out of the UK's best classrooms into this book in which you will find at least one hundred and eighteen tips that are based around exciting primary practice and which should make the hairs tingle on the neck of the most wizened school inspector at least forty five significant ideas that will strengthen leadership and have the capacity to transform your school as a learning community at least fifty quotations that will make you think about how our most inspirational leaders create inspirational teachers who get an inspirational response from their learners and compelling pieces of evidence to demonstrate that primary school teachers are doing a fabulous job despite what any politician or tabloid reporter would tell you Suitable reading for all school leaders at both primary and secondary levels who are looking to promote excellence and raise aspirations within their schools and wider communities **Politics,**
