## UNIT – I

### Definition of Contract

Section 2 (e) of the Indian Contract Act 1872 defines "every promise and every set of promises, forming the consideration for each other, is an agreement". According to section 2(b) "when the person to whom the proposal is made signifies his assent thereto, the proposal is said to be accepted. A proposal, when accepted, becomes a promise". Thus contract is a bilateral transaction between two or more than two parties. Unless the acceptance is communicated, the contract cannot be said to be concluded.

5. The agreement must not have been expressly declared to be void under the contract Act or any other Act
6. The agreement should be in writing or in the presence of witness or should be registered.
