LOST and PROFOUND Mark McKirdy, 2015-03-03 *LOST and PROFOUND* The Rejected Book Reviews by Famous People is a unique and hilarious collection of unpublished book reviews seemingly written by household names who have reached the top in film television journalism science music sport art business politics and literature Included among the reviewers are George W Bush David Letterman Madonna Gore Vidal Shirley MacLaine Arnold Palmer Elton John Gloria Steinem David Suzuki Walter Cronkite Salvatore Sammy the Bull Gravano Jimmy Swaggart and Monica Lewinsky All the books reviewed are real and the astonishing diversity of interests of the celebrities demonstrates that shallow perception can never be disguised as deep thought no matter how cleverly expressed As revealed in the book's Introduction Mark McKirdy acquired this collection when he successfully bid for a small dusty box at a Sotheby's auction in 2013 Upon his return to Oxford University where he was the anthropologist in residence he opened the box and like Howard Carter marveling at the treasures he'd just unearthed from Tutankhamun's tomb in 1922 the author was holding a golden collection of book reviews by many of the world's most significant people Each review had apparently been commissioned by the prestigious literary journal The London Review of Books and each for reasons never revealed received a soul crushing rebuff by way of a large red Rejected stamp As with all well written satire *LOST and PROFOUND* will give readers pause for thought seconds for chuckling minutes of laughing out loud and hours of fun and if the celebrities mentioned in the book didn't actually write the reviews cited they probably wish they had

Executing Freedom Daniel LaChance, 2016-11-18 Breaks new ground shows compellingly and convincingly that punishment provides a major gateway to exploring a society and culture

Journal of American History In the mid 1990s as public trust in big government was near an all time low 80% of Americans

told Gallup that they supported the death penalty Why did people who didn't trust government to regulate the economy or provide daily services nonetheless believe that it should have the power to put its citizens to death That question is at the heart of *Executing Freedom* a powerful wide ranging examination of the place of the death penalty in American culture and how it has changed over the years Drawing on an array of sources including congressional hearings and campaign speeches true crime classics like *In Cold Blood* and films like *Dead Man Walking* Daniel LaChance shows how attitudes toward the death penalty have reflected broader shifts in Americans thinking about the relationship between the individual and the state Emerging from the height of 1970s disillusion the simplicity and moral power of the death penalty became a potent symbol for many Americans of what government could do and LaChance argues fascinatingly that it's the very failure of capital punishment to live up to that mythology that could prove its eventual undoing in the United States Fiercely provocative *A* must read for socio legal studies and punishment scholars who want to know more about how the phenomenon of capital punishment took on a life of its own in the modern US cultural imagination Theoretical Criminology *Killing Justice in the Lone Star State* Michael O'Brien, 2021-06-15 *Killing Justice in the Lone Star State* is a reality check on active Death Row cases and some post execution ones The book offers a fresh perspective for campaigners and reformers which ranges across theory policy and practice It also explains the much criticised Texas law of parties *A* must read an excellent new book by Mike O'Brien A powerful critique a critical comparative analysis of USA UK human rights standards Packed with cases A compelling case for abolition Dr Michael Naughton Bristol University Empowering the Innocent Project Many organizations are engaged in a race to prevent the execution of death sentenced prisoners in Texas and elsewhere in the USA Some men and women on Death Row claim to be completely innocent as described in this book Michael O'Brien who was himself wrongly convicted of murder dissects cases with the eye of someone who has spent years watching how miscarriages of justice happen and why He explains how practitioners and others are in denial and tunnel vision helps to sustain politicians livelihoods and profits that depend on a conveyor belt from the courts to the execution chamber He describes a killing process aided by bias discrimination prejudice unfair trials supposed expert evidence and closed minds This is just one hallmark of a country obsessed with guns violence and the ultimate penalty Texas is the most punitive place within one of the harshest penal systems in the world But no legal system should take away human lives especially one tarnished by defects of the kind the author sets out in this book Extract Can you just imagine being an individual who is innocent but facing execution whether in Texas or elsewhere Or you were on Death Row but you did not take part in any killings just got caught up in the hysteria Can you picture the pressure and abject loneliness of serving 15 years or more and then the State setting a date to kill you *Hell Is Empty* Craig Johnson, 2011-06-02 Walt Longmire faces an icy hell in this New York Times bestseller from the author of *Land of Wolves* Well read and world weary Sheriff Walt Longmire has been maintaining order in Wyoming's Absaroka County for more than thirty years but in this riveting seventh outing he is pushed to his limits Raynaud Shade an

adopted Crow Indian rumored to be one of the country's most dangerous sociopaths has just confessed to murdering a boy ten years ago and burying him deep within the Bighorn Mountains Walt is asked to transport Shade through a blizzard to the site but what begins as a typical criminal transport turns personal when the veteran lawman learns that he knows the dead boy's family Guided only by Indian mysticism and a battered paperback of Dante's *Inferno* Walt braves the icy hell of the Cloud Peak Wilderness Area cheating death to ensure that justice both civil and spiritual is served

A Dark History of Chocolate Emma Kay, 2021-11-01 A *Dark History of Chocolate* looks at our long relationship with this ancient food of the Gods The book examines the impact of the cocoa bean trade on the economies of Britain and the rest of Europe as well as its influence on health cultural and social trends over the centuries Renowned food historian Emma Kay takes a look behind the facade of chocolate first as a hot drink and then as a sweet delving into the murky and mysterious aspects of its phenomenal global growth from a much prized hot beverage in pre Colombian Central America to becoming an integral part of the cultural fabric of modern life From the seductive corridors of Versailles serial killers witchcraft medicine and war to its manufacturers the street sellers criminal gangs explorers and the arts chocolate has played a significant role in some of the world's deadliest and gruesome histories If you thought chocolate was all Easter bunnies romance and gratuity then you only know half the story This most ancient of foods has a heritage rooted in exploitation temptation and mystery With the power to be both life giving and ruinous

Last Suppers Caroline West, Mark Latter, 2014-08-14 A delightfully macabre miscellany looking at the meals enjoyed by famous people before they took their last breath They say there are only two things in life you can be sure of death and taxes Well you can add a final meal to that because no matter who you are a prisoner on death row or one of the greatest political minds the world has ever known you will have eaten a meal of some description before shuffling off this mortal coil Have you ever wondered what people ate before they passed or the dinners served before some of the most momentous event in history occurred *Last Suppers* contains the answers to important questions such as what did the passengers on the Titanic dine on just hours before the ill fated vessel sank and did Elvis really die on the toilet while enjoying a giant sandwich and gives plenty more interesting nuggets of trivia based around the meals people enjoyed before meeting their maker It is an irreverent absorbing and entertaining collection of trivia that makes the perfect gift and provides you with the materials needed to arm yourself with plenty of pointless facts ready for conversations at work or down at the local bar
