Writing Essays in English Language and Linguistics Neil Murray, 2012-03-01 English language and linguistics shares many of its writing conventions with those of other disciplines but there are certain features and expectations that distinguish it as a subject This book is written specifically to help undergraduate students of English language and linguistics develop the art of writing essays projects and reports Written by an author with over 30 years experience of lecturing in the subject it is a comprehensive and very readable resource and contains numerous discipline

related examples practice exercises and an answer key It includes chapters on referencing including plagiarism paraphrase and guidance on referencing styles stylistic issues that often get overlooked and writing a dissertation The book offers practical guidance and a layout that guides students as they work through their project It will be an invaluable reference tool that students can read cover to cover or dip into as and when required [Writing for Health Professionals](#) Philips Burnard, 2013-11-22

Understanding by Design Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge How can we determine the big ideas worth understanding Why is understanding an important teaching goal and how do we know when students have attained it How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high stakes standards based environment Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of Understanding by Design Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998 the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum assessment and instruction With an improved UbD Template at its core the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks Readers will learn why the familiar coverage and activity based approaches to curriculum design fall short and how a focus on the six facets of understanding can enrich student learning With an expanded array of practical strategies tools and examples from all subject areas the book demonstrates how the research based principles of Understanding by Design apply to district frameworks as well as to individual units of curriculum Combining provocative ideas thoughtful analysis and tested approaches this new edition of Understanding by Design offers teacher designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike [How to Write Successful Business and Management Essays](#) Patrick Tislington, Markus Hasel, Jane Matthiesen, 2009-07-09

Electronic Inspection Copy available for instructors here How to Write Successful Business and Management Essays is a systematic guide to successfully producing written work for business and management degrees The authors address the all too common pitfalls of essay assignments as well as providing students with a step by step programme to approach essay questions both in coursework and exam contexts Starting with the basics this book helps develop skills through the use of examples exercises and checklists Helpful features include Annotated essay examples showing both good and bad points Tips on time management and motivation note taking and effective reading Final checklists to use before you hand in Explanation of what the markers are looking for and how to give it to them Many students find referencing particularly confusing so the book provides detailed but easy to use information on what referencing is and how to do it properly
