

Math Choice Board

Try to get three in a row! Choose three of the following choices to complete three in a row. Your choices can be diagonal, vertical, or horizontal.

What are some ways you can make the number 10 using addition?	How would you use a number line to add $6 + 3$? Show your work.	How can you tell if a number is even or odd? Can you give examples?
If you share 12 candies equally among 4 friends, how many candies does each friend get?	How can you use skip counting to count by 5s? What do you notice?	What is the value of the number 45? Can you break it down into tens and ones?
If you see a number pattern like 2, 4, 6, 8, what comes next? Why do you think that?	How can you use a ruler to measure the length of your pencil? What unit do you use?	If today is Monday, what day will it be in three days? How do you figure that out?
