Part 1: Diagnostics

- ☐ Take the Pre-diagnostics for all subjects:

- ☐ Grammar

- ☐ Anatomy & Physiology (AAP)

- ☐ Review your results:

For topics where you scored well, check those areas and only make additional practice that you are doing at your own pace.

For topics where you scored low, focus your attention on those topics and make them one of the at least 10 topics to study throughout the month leading up to your exam.

For topics where you scored well, you may want to add more study and practice and diagnostic results. If you score 80% or above on a topic, it is not necessary to study that topic. Use the new HESI and HESI-2 study plan to determine if you need to study that topic.

You can also study topics which you scored lower on the diagnostic. For example, if you scored 60% or lower on a topic, you may want to study that topic for more time.
