Little Women And Werewolves:

Little Women and Werewolves Louisa May Alcott, Porter Grand, 2010-05-04 A literary landmark the original suppressed draft of the classic novel Little Women is a timeless classic But Louisa May Alcott's first draft before her editor sunk his teeth into it was even better Now the original text has at last been exhumed In this uncensored version the March girls learn some biting lessons transforming from wild girls into little women just as their friends and neighbors transform into vicious bloodthirsty werewolves Here are tomboy Jo quiet Beth ladylike Amy and good hearted Meg plus lovable neighbor Laurie Laurence now doomed to prowl the night on all fours maiming and devouring the locals As the Civil War rages the girls learn the value of being kind the merits of patience and grace and the benefits of knowing a werewolf who can disembowel your teacher By turns heartwarming and blood curdling this rejuvenated classic will be cherished and treasured by those who love a lesson in virtue almost as much as they enjoy a good old fashioned dismemberment Includes the original letter from Alcott's editor telling her not to even think about it

Dark Little Women R. L. Wood, If you like genre benders and fractured tales you'll love this reinvention of classic horror story villains now presenting women as the main characters Featuring Dorian Gray as housemother and Doctor Jekyll as the in house physician to a group of blood thirsty young women in need of rehab The goal To conquer their innate urges and be free of their curse so they can live out the rest of their lives as mortals This wicked tale has a fun menagerie of gothic characters including a vampire werewolf ghost Frankenstein's monster and more There is a little romance and a touch of humor making this story a well rounded fun read that's sure to appeal to everyone Reviewers testimony pulled from Amazon.com Girl Power I enjoyed the fact that it was a play on old favorites and women filled most roles It was a fun read with a fast pace The author did a good job with the storyline and the ending surprised me I'm looking forward to book 2 Pure Class So glad I read this book In lesser hands the reimagining of world famous characters would have been easy to follow hackneyed stereotypes but R L Wood has managed to reinvent the likes of Dorian Gray Dracula and Jeekyll and Hyde among others in a way that makes them believable in their own right Coupled with a story of redemption rescues and treachery that rattles along without sagging and I think you have a winner A Really Enjoyable Book It's those kinds of books where you feel sad once it has ended I loved the characters especially Dr Jekyll and V and I enjoyed the way the story was written I would recommend this to everyone whether you like dark fantasy fan or not Can't wait for book 2 Unique off beat Horror story I really enjoyed reading this story of Dorian and her renegade immortals trying to seek redemption whilst at the same time trying to keep to a deal she made with the devil It's different and unique and I loved the fact that all the traditional male characters are now female I particularly enjoyed the vicious Hyde The dynamic between the characters is interesting and cleverly done with some off beat funny moments thrown in too I for one am looking forward to the next instalment Classical horror stories get a new twist in these tales and women become the main characters I would love to know the inspiration I enjoyed the descriptions and clever titles and names I hope the highly creative R L Wood will

put this on audio with a version using more dialogue Looking forward to what this author writes next

The Hidden World Carl A. P. Ruck,2007 It was mainly only the European urban centers that converted to Christianity and often more for political or commercial interests than as a matter of faith The old religions persisted in the villages or pagani from which the term Paganism arose The Christians built their sanctuaries upon the pagan sites expropriating their numinous past assimilating the symbolism of the former deities and commonly incorporating the actual architectural remnants The wisdom of those deposed gods and their rites persisted in less objectionable forms disguised to delude the censors as country festivals and quaint tales often about the fairy folk who coexisted with this world and could be accessed by magical procedures that perpetuated half remembered methods of authentic ancient shamanism Such shamanism always involved pharmaceutical expertise Mircea Eliade was mistaken in concluding that drugs were characteristic only of the late and decadent stages of a religion Rock paintings of the greatest antiquity and his own abundant citations indicate that instead a pharmacological Eucharist was the norm and Eliade was himself about to reverse his stance shortly before his death Encoded in tales seemingly as simple as Snow White with her poisoned red and white apple are themes traceable back to the great epics of Homer and the Mesopotamian Gilgamesh These patterns of shamanic empowerment lurk also in the histories of the leading families of Europe who could not completely divest themselves of the former religious basis for their right to rule but instead they embraced Christianized and buried it in sanctified graves as was the case with the great fairy Melusina whose eighth abominable son called Horrible was murdered A number of churches involved in the Albigensian heresy claim his body was laid to rest beneath them
