Selections for the Illustration of a Course of Instructions on the Rhythm and Utterance of the English Language John Thelwall,1812 **Christian Science Sentinel** ,1909 **Handbook of Marriage and the Family** Marvin B. Sussman,Suzanne K. Steinmetz,Gary W. Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p The Southwestern Reporter ,1894 From Agent to Spectator Emily Allen-Hornblower,2016-03-07 This book looks at witnesses to suffering and death in ancient Greek epic Homer's Iliad and tragedy Internal spectators abound in both genres and have received due scholarly attention The present monograph covers new ground by dealing with a specific subset of characters those who are put in the position of spectator to and often commentator on their own deeds By their very nature protagonists are confined to the role of witness to the suffering or deaths they have caused only for brief stretches of time often a single scene or even just the length of a speech but every instance is of central importance not just to our understanding of the characters in question but also to the articulation of fundamental themes within the poetic works under examination As they shift from the status of agent to that of witness these protagonists qua spectators to the consequences of their actions give voice to dramatize and enact the tragic motifs of human helplessness and mortal fallibility that lie at the core of Homeric epic and Greek tragedy and that define the human condition

in a manner that leads the audience looking on to ponder their own
