**Driven to Their Knees** Roxanne L. Euben, 2025-09-02 How the rhetoric of humiliation defines the powerful and the powerless in modern politics Humiliation pervades our politics from images of stripped Palestinian men in Gaza to mocking chants at MAGA rallies It suffuses pictures and videos speaks through bodies as well as words and is expressed by those with too much power as well as by those with too little In *Driven to Their Knees* Roxanne Euben takes readers from conflicts in the Arabic speaking world to America's divided public square advancing a theory of humiliation rooted in the ways people articulate and enact it Euben analyzes some of the most conspicuous yet least studied Arabic expressions of humiliation drawing on sources ranging from Qur'anic commentary by Islamists to videos poetry songs and tweets from the 2011 Egyptian revolution *Driven to Their Knees* reveals what the language of humiliation says and also how it works This groundbreaking book shows how humiliation expresses the imposition of impotence by those with undeserved power and the way it converts relations of power into crises of virility Humiliation rhetoric defines both the humiliated and the humiliator and issues an urgent call for a remedy in the viscerally charged language of emasculation For Donald Trump and Usama bin Laden alike this means driving their enemy to his knees for all to see and then boasting about it to compound the degradation But for others humiliation galvanizes their struggle to stand erect uniting them in a refusal to be bowed low Humiliation is not just about power but is itself a powerful language that does far more than reflect contemporary politics The language of humiliation remakes the very world in which we live
