Chapter I

After lights out, all the animals gather in the big barn to hear old Major communicate his strange dream of the previous night. Before doing so, he imparts his life learnings: that the existence of animals is one of toil and drudgery and that Man is the enemy; if animals are to ever achieve better lives then they must unite against Man. Power and Control

Power means to many things:

- political power and government;
- strength, resistance and physical prowess;
- knowledge and wisdom (power to the people).

Power is not in itself a bad thing, but with great power comes great responsibility... who might mismanage this resource? Napoleon, when writing about the concept of power, said: "Power is the right to tell other people what to do."

Context

As the novel opens, Russia is in the midst of the Russian Revolution. The Russian Revolution was a series of events in Russia, which began in 1917 and ended in 1922. It was a period of social and political upheaval, during which the Russian Empire was overthrown and replaced by the Soviet Union.
