Canadiana ,1985 *Medical Books and Serials in Print*, 1979 R. R. Bowker LLC,1979-05 National Library of Medicine *Current Catalog* National Library of Medicine (U.S.),1983 *Cumulated Index to the Books* ,1965 **Culture and Power in South Asian Islam** Neilesh Bose,2017-10-02 This book explores the myriad diversities of South Asian Islam from a historical perspective attuned to the lived practices of Muslims in various portions of South Asia outside of Urdu Persian or Arabic language perspectives These perspectives are in some cases taken both from literal regions rarely noticed within discussions of South Asian Islam such as Sri Lanka Bengal and Tamil Nadu In other contributions the perspectives draw on historiographic interventions about the role of fak rs in South Asian history qasbahs in South Asian history and the role of Aligarh students within the Pakistan movement As a collection of voices aimed at stimulating debate about the range and diversity of South Asian Islam the book probes meanings and markers of categories like Indic Islamicate and local or global Islam within the context of South Asia Relevant to debates in the history of South Asia as well as Islamic studies this collection will serve as a reference point for discussions about South Asian Islam as well as the nature and role of vernacularization as a cultural process This book was originally published as a special issue of South Asian History and Culture **Chambers's Encyclopædia: Goo.-Lab** ,1880 **Bihar and Mithila** J. Albert Rorabacher,2016-09-13 The world has become obsessed with the Western notions of progress development and globalization the latter a form of human and economic homogenization These processes through the aegis of the United Nations are comparatively monitored Those nations deemed to be lagging behind are then provided with foreign aid and developmental assistance For nearly seventy years India has sought its place in this global endeavour yet even today abject poverty and backwardness can be observed in districts in almost every state with the highest concentration of such districts found in the state of Bihar and a cultural enclave known as Mithila Development in India has been elusive because it is difficult to define and because the Western concepts of development and progress have no absolute equivalents within many non Western settings As a consequence development programmes often fail because they are unable to ask the right questions but equally important is the political economy derived from foreign aid For politicians there is no long term benefit to be derived from successful development In general foreign aid only serves to corrupt governments and politicians and in the end does very little for those who need help The struggling states of Bihar and Mithila serve as extreme examples of India s problems Development here has been thwarted by a hereditary landed aristocracy supported by religion casteism custom social stratification tradition and patterns

of behaviour that can be traced back millennia In turn all these have been masterfully manipulated by co opted politicians who have turned politics into a veritable art form as this volume comprehensively demonstrates
