A magnificent monument to the ruler of Egypt, 330 BC

Whereas Alexander III of Macedon would like posterity remember him as a conqueror, Alexander was only 20 years old when he took the throne of Macedonia and the city of Pella. He immediately attacked and conquered the Persian Empire, which stretched from Egypt to India. He achieved his aim by the time he was 30 but stayed just 10 days in each of some 100 kingdoms before he died. Alexander's victories and accomplishments, they tell us, were made visible to posterity through "Alexander the Great".
