

It has been universally accepted that problem of **climate change** is escalating at an alarming rate. The problem is bringing a state of depression among the masses and in economy too. There are plethora of reasons of the same and possible solution can be suggested too which are discussed below.

BAND 2.0

Climate change is one of the gravest dangers humanity faces. This is caused by an increase in the level of carbon dioxide in the atmosphere and the most viable solution is the introduction of electric cars.
