History of Rationalism Embracing a Survey of the Present State of Protestant Theology by the Rev. John F. Hurst John F. Hurst,1866 The Quest of the Historical Jesus Albert Schweitzer,1910 The Quest of the Historical Jesus Albert Schweitzer,2015-02-24 Renowned scholar and author Albert Schweitzer s world changing study of the true life and teachings of Jesus of Nazareth The Christian religious tradition has shaped much of our world for two millennia But separate from the practice of Christianity is the factual life of Jesus himself In this groundbreaking study philosopher and Nobel Peace Prize winner Albert Schweitzer delves into biblical text and historical evidence to deconstruct the many myths of Jesus s life that have been propagated through the centuries A seminal work Schweitzer s book brings into focus the social and political currents of Jesus s time to rebut previous authors hypotheses and form an entirely new one of his own A milestone text in its time Schweitzer s book was so dominant that virtually no new scholarly investigations of the historical Jesus were published for decades after its initial release Now more than a century later The Quest of the Historical Jesus remains the standard against which religious academic studies are measured This ebook has been professionally proofread to ensure accuracy and readability on all devices *Miracles of Jesus* Loos,2014-04-09 Preliminary Material H Van der loos I A Miracles as religious phenomena H Van der loos II Miracles and science H Van der loos III Miracles and medicine H Van der loos I Type and style of the miracle stories in the gospels H Van der loos II Magical and miraculous practices of the jews in Jesus day H Van der loos III The miracles of Jesus in the oldest testimonies H Van der loos IV Jewish opinions on Jesus miracles H Van der loos I Jesus miraculous power H Van der loos II Function and significance of miracles in Jesus activities H Van der loos III Relations involved in the miracles of Jesus H Van der loos IV Jesus activities as healer H Van der loos V Jesus methods of treatment H Van der loos I The healing of the possessed H Van der loos II The healing of the blind H Van der loos III The healing of the paralytics H Van der loos IV The healing of the lepers H Van der loos V The healing of a man with dropsy H Van der loos VI The healing of the woman with the issue of blood H Van der loos VII The healing of the woman bowed together H Van der loos VIII The healing of the deaf man with a speech defect H Van der loos IX The healing of the centurion s servant at capernaum and of the Nobleman s son H Van der loos X The healing of Peter s mother in law H Van der loos XI The healing Of Malchus ear H Van der loos XII The resurrection of the dead H Van der loos XIII The Miracle At the wedding at cana H Van der loos XIV The miraculous feeding H Van der loos XV The stilling of the storm H Van der loos XVI Jesus walking on the water H Van der loos XVII The miraculous catches of fish H Van der loos XVIII The account of the stater H Van der loos XIX The cursing of the fig tree H Van der loos Bibliography H Van der loos Text index H Van der loos Index of authors names H Van der loos The Silents of Jesus in the Cinema (1897-1927) David Shepherd,2016-03-31 While Jesus has attracted the sporadic interest of film makers since the epics of the Sixties it is often forgotten that between the advent of motion pictures

in the 1890s and the close of the silent era at the end of the 1920s some of the longest most expensive and most watched films on both sides of the Atlantic were focused on the Life and Passion of the Christ Drawing upon rarely seen archival footage and the work of both the era's most important directors e g Alice Guy Ferdinand Zecca Sidney Olcott D W Griffith Carl Dreyer and C B DeMille and others who have been all but forgotten this collection of essays offers a representative survey of the Silents of Jesus illustrating the ways in which the earliest films and those which followed were influenced by a multiplicity of factors Written by leading scholars in biblical and early film studies this collection explores the ways in which the Silents of Jesus were shaped not only by the performing and visual arts of the nineteenth century and the technological challenges and opportunities of a new medium and industry but also by the artistic theological and ideological predilections of studios and directors and the expectations of audiences as the genre evolved Taken together the essays collected here offer a seminal treatment of the genesis and early evolution of the cinematic Jesus **Revised and enlarged from the third American edition** John Fletcher HURST,1867 *The Miracles of Jesus* Craig Blomberg,1986 **STORIES FROM THE BIBLE** *L'Heure des Tenebres* Dr. D. Revised and Enlarged from the Third American Edition** John Fletcher Hurst,1867 **Children of God** Edmund Newey,2016-05-23 *Children of God* uncovers the significant but largely unnoticed place of the child as a prototype of human flourishing in the work of four authors spanning the modern period Shedding new light on the role of the child figure in modernity and in theological responses to it the book makes an important contribution to the disciplines of historical theology theology and literature and ecumenical theology Through a careful exploration of the continuities and differences in the work of Thomas Traherne Jean Jacques Rousseau Friedrich Schleiermacher and Charles P guy it traces the ways in which their distinctive responses to human childhood structured the broader pattern of their theology showing how they reached beyond the confines of academic theology and exercised a lasting influence on their literary and cultural context From Penitence to Charity Barbara B. Diefendorf,2004-07-15 *From Penitence to Charity* radically revises our understanding of women's place in the institutional and spiritual revival known as the Catholic Reformation Focusing on Paris where fifty new religious congregations for women were established in as many

years it examines women's active role as founders and patrons of religious communities as spiritual leaders within these communities and as organizers of innovative forms of charitable assistance to the poor. Rejecting the too common view that the Catholic Reformation was a male dominated movement whose principal impact on women was to control and confine them, the book shows how pious women played an instrumental role working alongside and sometimes in advance of male reformers. At the same time it establishes a new understanding of the chronology and character of France's Catholic Reformation by locating the movement's origins in a penitential spirituality rooted in the agonies of religious war. It argues that a powerful desire to appease the wrath of God through acts of heroic asceticism, born of the wars, did not subside with peace but rather found new outlets in the creation of austere contemplative convents. Admiration for saintly ascetics prompted new vocations and convents multiplied as pious laywomen rushed to fund houses where, enjoying the special rights accorded founders, they might enter the cloister and participate in convent life. Penitential enthusiasm inevitably waned while new social and economic tensions encouraged women to direct their piety toward different ends. By the 1630s charitable service was supplanting penitential asceticism as the dominant spiritual mode. Capitalizing on the Council of Trent's call to catechize an ignorant laity, pious women founded innovative new congregations to aid less favored members of their sex and established lay confraternities to serve society's outcasts and the poor. Their efforts to provide war relief during the Fronde in particular deserve recognition.

Piety and the People Francis M. Higman, 2016-12-05

Did the 16th century Reformation influence French language and culture? This book, the fullest available bibliography of religious printing in French during the early Reformation, provides the materials to answer this question. It assembles information on all known printed editions in French on religious subjects during the crucial period 1511-51 up to the Edict of Chateaubriant, giving full bibliographical details, library locations, and references in secondary literature. An alphabetical list is complemented by a chronological list and by an analysis of editions by printers and publishers. The work provides the fullest checklist available of works and editions produced from all parts of the religious spectrum, both Roman Catholic and Protestant. It reveals who were the most active and influential writers, which were the most popular texts, and which were the most active printing centres in the field of religious printing in French. The chronological survey shows the immense growth in publications triggered by the Reformation movement and reveals the radical change in religious sensibility during the period from contemplative meditation to polemical debate.
