

INTRODUCTION.....

13

Les représentations de la famille actuelle et les controverses dont elles sont l'objet sont le produit d'une histoire dont sont retracées dans cet ouvrage les étapes les plus significatives. Chacune de ces périodes constitue une configuration particulière de conditions économiques et sociales qui dessinent les enjeux politiques auxquels donnent lieu les définitions de la famille.

Famille et reproduction de la structure sociale.....

15

Car la famille est à la fois un moyen de transmission des différentes espèces de capital entre générations et un mode de légitimation de cette forme particulière de cession (et de succession) qui contribue à la reproduction des structures sociales. Tous les débats sur la famille ont pour objet la légitimité de l'ordre social et de ce qui contribue à l'assurer, notamment la morale familiale.

La famille : un enjeu et un instrument de luttes sociales . . .

20

Aussi, la famille, sa définition, sa structure, son fonctionnement sont des enjeux et instruments des luttes entre groupes sociaux. Enjeux indissociables, car relevant directement du travail symbolique de légitimation de toutes les formes de domination, ils sont étudiés dans une double perspective historique et sociologique.

La famille comme structure sociale et structure cognitive . .

24

Comme toute catégorie de classement qui désigne un groupe social, la famille constitue à la fois une structure sociale et une structure cognitive, c'est-à-dire un ensemble de schèmes de perception et de compréhension du monde social.

Inconscient familialiste et naturalisation de la famille.....

27

En ne distinguant pas ces deux dimensions, le familialisme tend à interpréter le fonctionnement du monde social selon les catégories propres à l'univers familial et du même coup à universaliser et fonder en nature l'ordre social dont il est le produit.

Geacuteneacutealogie De La Morale Familiale:

Généalogie de la morale familiale Remi Lenoir, 2003 Et si la famille n'était pas la cellule de base de la société mais au contraire son résultat le plus sophistiqué Alors s'intéresser en sociologie l'histoire de la famille dans le milieu du Moyen Âge jusqu'à nos jours reviendrait interroger travers la forme sociale la plus invisible force d'vidence la façon dont on a construit pens et assuré l'ordre social C'est l'ambition de Remi Lenoir qui signe là non pas un livre de plus de sociologie de la famille mais une véritable enquête génalogique sur la construction administrative juridique économique scientifique religieuse de la famille qui prend en compte l'analyse critique des discours de la sociologie Le familialisme semble avoir vécu mais notre cellule de base reste l'objet de toutes les attentions Nous voilà dotés maintenant d'un outil d'évaluation des enjeux que représentent les évolutions et les formes de la famille
