consciousness of his readers Charles Burack argues that Lawrence's major novels beginning with *The Rainbow* are structured as religious initiation rites that attempt to break down the reader's normative mindset and to evoke new numinous experiences of self and world Through careful analysis of narrative structure literary technique and sacred discourses Burack shows that Lawrence tries to initiate the reader into his own version of religious vitalism Unlike most initiations that conclude with powerful affirmations Lawrence's novels generally end with an attempt to subvert the formation of new religious dogmas and to encourage sacred erotic exploration

An Ethics of Improvisation Tracey Nicholls, 2012-03-09 *An Ethics of Improvisation* takes up the puzzles and lessons of improvised music in order to theorize the building blocks of a politically just society The investigation of what politics can learn from the people who perform and listen to musical improvisation begins with an examination of current social discourses about the political and an account of what social justice could look like From there the book considers what a politically just society's obligations are to people who do not want to be part of the political community establishing respect for difference as a fundamental principle of social interaction What this respect for difference entails when applied to questions of the aesthetic value of music is aesthetic pluralism the book argues Improvised jazz in particular embodies different values than those of the Western classical tradition and must be judged on its own terms if it is to be respected Having established the need for aesthetic pluralism in order to respect the diversity of musical traditions the argument turns back to political theory and considers what distinct resources improvisation theory the theorizing of the social context in which musical improvisation takes place has to offer established political philosophy discourses of deliberative democracy and the politics of recognition already themselves grounded in a respect for difference This strand of the argument takes up the challenge familiar to peace studies of creative ways to rebuild fractured civil societies Throughout all of these intertwined discussions various behaviors practices and value commitments are identified as constituent parts of the ethics of improvisation that is articulated in the final chapter as the strategy through which individuals can collaboratively build responsive democratic communities

Characterizing Literacy R Narasimhan, 2004-03-20 Literacy has always been considered a pre requisite for a modernizing society The bases of this belief and its full ramifications however have not been adequately researched in the Indian context The book raises some crucial issues attached integrally with literacy modernization thesis and makes a case for broader and deeper Indian studies in the field involving interdisciplinary talent and methods

Modernism à la Mode Elizabeth M. Sheehan, 2018-10-15 *Modernism à la Mode* argues that fashion describes why and how literary modernism matters in its own historical moment and ours Bringing together texts textiles and theories of dress Elizabeth Sheehan shows that writers including Virginia Woolf D H Lawrence W E B Du Bois Nella Larsen and F Scott Fitzgerald turned to fashion to understand what their own stylized works could do in the context of global capital systemic violence and social transformation Modernists engage with fashion as a mood a set of material objects and a target of critique and in doing so anticipate and

address contemporary debates centered on the uses of literature and literary criticism amidst the supposed crisis in the humanities. A modernist affect with a purpose no less. By engaging modernism in a mode that is contingently contextually and in light of contemporary concerns, this book offers an alternative to the often untenable distinctions between strong or weak, suspicious or reparative and politically activist or quietist approaches to literature which frame current debates about literary methodology. As fashion helps us to describe what modernist texts do, it enables us to do more with modernism as a form of inquiry, perception and critique. Fashion and modernism are interwoven forms of inquiry, perception and critique, writes Sheehan. It is fashion that puts the work of early twentieth century writers in conversation with twenty first century theories of emotion, materiality, animality, beauty and history.

Chatter Ethan Kross, 2022-02-01 NATIONAL BESTSELLER
 An award winning psychologist reveals the hidden power of our inner voice and shows how to harness it to combat anxiety, improve physical and mental health and deepen our relationships with others. LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD. A masterpiece. Angela Duckworth, bestselling author of Grit, Malcolm Gladwell, Susan Cain, Adam Grant and Daniel H. Pink's Next Big Idea Club Winter 2021 Winning Selection. One of the best new books of the year. The Washington Post, BBC, USA Today, CNN, Underscored, Shape, Behavioral Scientist, PopSugar, Kirkus Reviews, Publishers Weekly and Shelf Awareness starred reviews. Is talking to yourself normal? The truth is that we all have a voice in our head. When we talk to ourselves, we often hope to tap into our inner coach, but find our inner critic instead. When we're facing a tough task, our inner coach can buoy us up. Focus, you can do this. But just as often, our inner critic sinks us entirely. I'm going to fail. They'll all laugh at me. What's the use? In *Chatter*, acclaimed psychologist Ethan Kross explores the silent conversations we have with ourselves. Interweaving groundbreaking behavioral and brain research from his own lab with real world case studies from a pitcher who forgets how to pitch to a Harvard undergrad negotiating her double life as a spy, Kross explains how these conversations shape our lives, work and relationships. He warns that giving in to negative and disorienting self-talk, what he calls chatter, can tank our health, sink our moods, strain our social connections and cause us to fold under pressure. But the good news is that we're already equipped with the tools we need to make our inner voice work in our favor. These tools are often hidden in plain sight in the words we use to think about ourselves, the technologies we embrace, the diaries we keep in our drawers, the conversations we have with our loved ones and the cultures we create in our schools and workplaces. Brilliantly argued, expertly researched and filled with compelling stories, *Chatter* gives us the power to change the most important conversation we have each day: the one we have with ourselves.
