By referring to a wealth of examples from writers such as Umberto Eco, Terry Pratchett, and Ian Fleming, *How We Write* ultimately teaches us how to control and extend our own writing abilities. *How We Write* will be of value to students and teachers of language and psychology, professional and aspiring writers, and anyone interested in this familiar yet complex activity.

[The Aphasia Therapy File](#) Sally Byng, Judith Felson Duchan, Carole Pound, 2013-04-15 The Aphasia Therapy Files represent a practical resource for people who work with individuals with aphasia, either as therapists or as researchers. An overview of issues associated with current practices is combined with a study of the practicalities of determining, designing, and implementing therapies. This second volume continues to explore the possibility of bridging the gap between therapy in a clinical setting and the practical issues faced by the person living with aphasia. Each author presents one or more of their clinical practices in order to share their therapy experiences and reasoning with others. These contributions provide an insight into the complex issues that face both the practitioner and the person with aphasia, including discussion of subjects such as: Revealing competence and rethinking identity for people with severe aphasia; using drawing and a communication book; Respecting the rights of a person with aphasia to their own life choices; a longitudinal therapy study; A group approach to the long-term rehabilitation of people with acquired head injury within the community; Lexical and functionally based treatment effects on word retrieval and conversation. While each of the chapters is of considerable interest on its own, the final chapter offers readers a method of describing and capturing what happens in therapy and why, to enable comparisons between therapies and application by readers themselves. Written by speech and language therapists working in clinical practice, the studies included in this unique resource reflect the realities of everyday practice and will appeal to therapists, students, and researchers in aphasia.

*Light Shines in the Darkness* Lucille F. Sider, 2019-01-29. Clinical psychologist and clergywoman Lucille F. Sider adds her voice to the chorus of women in the #WhyIDidntReport and #MeToo movements. This is Lucille's story of resilience and hope as a survivor of sexual abuse. She explains the challenges of finding her way out of a fear-based spirituality into one that is full of grace, hope, and forgiveness. The unique richness of her book is that she wrote it to spark healing discussion. As she describes her experiences in these pages, she also steps back and offers helpful analysis as both a psychologist and a clergywoman. At the end of the book, she includes a complete study guide with questions for reflection for individuals, small groups, and classes. The book is arranged to be a valuable tool in the hands of persons in the helping professions such as clergy, social workers, psychologists, etc.

Writes the Rev. Jo Anne Lyon, General Superintendent Emerita and Ambassador of The Wesleyan Church. This writing is so powerful yet gentle that people will be able to add their own words to combat the pain. Lucille's credentials enhance the power of the story. Truly a book for these days. Lucille was just 6 years old when she was abused both physically and sexually by a hired man on the family's farm. Lucille's inner conflict about these experiences propelled her into a childhood of guilt and shame. While Lucille was an outstanding student, singer, and athlete, she lived with an underlying fear, loneliness, and mild depression. A second sexual abuse by her brother-in-law when she was just 15 years old added to Lucille's fears. When she tried to tell her parents about this, their response was only to pray for her, so she kept these painful events secret for years. Many years later, her brother-in-law was arrested for molesting a 15-year-old

girl Lucille and others including his own daughter testified against him and he was incarcerated Raised in a conservative household and faith Lucille went to college and seminary to search for a theology that was full of grace and forgiveness She found this especially at Yale Divinity School though she always lived with a mild depression Her struggle to understand both her faith and psyche led her to earn a PhD from Northwestern University in psychology and religion She became a clinical psychologist and pastoral counselor and later the Executive Director of The Samaritan Pastoral Counseling Center in Evanston Illinois At age 50 when her husband suddenly divorced her Lucille was cast into darkness and despair which resulted in major depression Lucille became dysfunctional and had to step down as Executive Director of her counseling center Years of therapy led her to new ways of offering and sharing her gifts which included writing stories and ministering to seniors especially those suffering from dementia In *Light Shines in the Darkness* Lucille F Sider shares her unique story of sexual abuse and severe mental illness including depression and PTSD She describes her legal battle in fighting for justice and her ongoing persistence in finding ways to remain stable She calls these her mental health and spiritual practices and they include counseling medication meditation healthy diet exercise daily prayer and church attendance In sharing her story Lucille now is helping others along their journeys from sexual abuse to stability to find their own hope and their own light that shines through the darkness Timely compelling and courageous this autobiography lays bare the trauma of both child and adolescent abuse writes Carol Schreck Professor Emerita of Pastoral Care and Counseling at Palmer Theological Seminary This book deserves to be read by any adult who living in a culture where 80 percent of females have experienced some form of sexual abuse by the age of 18 are no longer content to keep their proverbial head in the sand
