Humble, 2024-07-01 The Humble Argument is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It's the kind of friend that will coach you through a tough time encourage you and make you laugh while you go through it It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle

of learning how to write arguments like a college student and doesn't just tell you what you want to hear. His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be. He writes to students in language they can understand without becoming English majors with just enough humor to keep them reading. He writes for faculty moving through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes. Perhaps most importantly, Humble understands that the price of a book matters to students so his books are affordable. From every perspective, Humble gets it. The Humble Argument has students covered on these important topics: Understanding argument as an idea, Grasping the stages of the writing process, Organizing an argument around rhetorical principles, Thinking for yourself as a college student, Crafting a careful and clear thesis, Gathering and synthesizing evidence to support a thesis, Guiding readers through a thoughtful persuasive essay.

Clinical Supervision Activities for Increasing Competence and Self-Awareness Roy A. Bean, Sean D. Davis, Maureen P. Davey, 2014-03-18. Cultivate self-awareness, empathy, and clinical competence in the mental health professionals you supervise. Providing tested guidance for clinical supervisors of mental health professionals. Editors Roy A. Bean, Sean D. Davis, and Maureen P. Davey draw from their own backgrounds in training private practice and academe as well as from an international panel of experts representing various mental health fields to provide activities and best practices that allow therapists to better serve an increasingly diverse set of clients and issues. While clinical skills are easily observed, the more subtle areas of self-awareness or exploring unexamined judgments are more difficult to spot and to provide supervision and guidance for. The numerous experiential activities included will help supervisors and the mental health professional they supervise develop their skills and techniques around Intuition, Empathy, Self-awareness, Mindfulness, Multicultural awareness, Perspective taking. The book covers both clinical as well as diversity-focused competence and awareness and suggests various forms of activities including research exercises, reflection, journaling, and more. Each activity includes measurement metrics as well as additional resources that help clinicians identify the best activity for a given situation. Appropriate for clinicians at every level and from a multitude of backgrounds, these tried and tested best practices can be used in clinical supervision as a class assignment or to facilitate professional growth.
