How many times have you checked your phone while waiting for him to respond? He used to text you every single day. He has always been present in your life, but in the last few days, it seems like he doesn't even open your messages. You feel very confused, anxious, and angry when a man stops responding to your messages. Because of this confusion, a woman often tends to do the things she should never do: send him a lot of messages to get his attention. So it's time to calm down and decide your next step with maturity. In this guide, I tell you what to text when a man doesn't respond and what you shouldn't do. It hurts when a man forgets that you exist. Not to mention the almost compulsive urge to check your phone every time a notification pops up with the thought it could be him. You're wondering what to do, thinking about calling him and asking him what happened, not knowing if it's a good idea to call him. You ask yourself a thousand questions, but you can't find any solution. You're staring at the blank screen; you can't stop thinking about him.
