Maricopa County Sheriff's Office History and Pictorial, 2005 Police and State Crime in the Americas Daniel Gascón, Sebastián Sclofsky, Xavier Perez, Jhon Sanabria, Analicia Mejia Mesinas, 2024-02-24 This book advances a much needed postcolonial framework in analyzing the police It seeks to deepen our understanding of the police role in maintaining Western global domination throughout the American region despite the violent end of colonial rule Building on Chevigny's 1995 classic study this book seeks to draw renewed attention to the role of police in perpetrating state violence and serving as the tip of the spear of state power It seeks to understand the construction of marginality and the multiple and intersecting structures of colonial domination before shining a light directly on the crimes of the state in an attempt to hold criminal state organizations to account It draws on interdisciplinary perspectives and methodologies that center marginalized and colonized experiences and allows for the development of countercolonial knowledge It speaks to academics and students in criminology sociology political science and law as well as to ethnic and area studies programs such as Chicano Latino and Latin American Studies and to police administrators and policymakers **Outside Justice** David C Brotherton, Daniel L Stageman, Shirley P Leyro, 2013-05-27 Outside Justice Undocumented Immigrants and the Criminal Justice System fills a clear gap in the scholarly literature on the increasing conceptual overlap between popular perceptions of immigration and criminality and its reflection in the increasing practical overlap between criminal justice and immigration control systems Drawing on data from the United States and other nations scholars from a range of academic disciplines examine the impact of these trends on the institutions communities and individuals that are experiencing them Individual entries address criminal victimization and labor exploitation of undocumented immigrant communities the effects of parental detention and deportation on children remaining in destination countries relations between immigrant communities and law enforcement agencies and the responses of law enforcement agencies to drastic changes in immigration policy among other topics Taken as a whole these essays chart the ongoing progression of social forces that will determine the well being of Western democracies throughout the 21st century In doing so they set forth a research agenda for reexamining and challenging the goals of converging criminal justice and immigration control policy and raise a number of carefully considered ethical alternatives to the contemporary policy status quo Contemporary immigration is the focus of highly charged rhetoric and policy innovation both attempting to define the movement of people across national borders as fundamentally an issue of criminal justice This realignment has had profound effects on criminal justice policy and practice and immigration control alike and raises far reaching implications for social inclusion labor economies community cohesion and a host of other areas of immediate interest to social science researchers and practitioners *Weird Arizona* Wesley Treat, 2007 Each fun and intriguing volume offers more than 250 illustrated pages of places where tourists usually don't venture including oddball curiosities local legends crazy characters and peculiar roadside attractions **Latino Immigrants in the United States** Ronald L.

Mize, Grace Peña Delgado, 2012-02-06 This timely and important book introduces readers to the largest and fastest growing minority group in the United States Latinos and their diverse conditions of departure and reception A central theme of the book is the tension between the fact that Latino categories are most often assigned from above and how those defined as Latino seek to make sense of and enliven a shared notion of identity from below Providing a sophisticated introduction to emerging theoretical trends and social formations specific to Latino immigrants chapters are structured around the topics of Latinidad or the idea of a pan ethnic Latino identity pathways to citizenship cultural citizenship labor gender transnationalism and globalization Specific areas of focus include the 2006 marches of the immigrant rights movement and the rise in neoliberal nativism including both state sponsored restrictions such as Arizona s SB1070 and the hate crimes associated with Minutemen vigilantism The book is a valuable contribution to immigration courses in sociology history ethnic studies American Studies and Latino Studies It is one of the first and certainly the most accessible to fully take into account the plurality of experiences identities and national origins constituting the Latino category **Policy & Practice** ,2009
