*The Executed God* Mark Lewis Taylor, 2015-11-01 The new edition of Mark Lewis Taylor's award winning *The Executed God* is both a searing indictment of the structures of Lockdown America and a visionary statement of hope. It is also a call for action to Jesus followers to resist US imperial projects and power. Outlining a theatrics of state terror, Taylor identifies and analyzes its instruments: mass incarceration, militarized police tactics, surveillance, torture, immigrant repression, and capital punishment through which a racist and corporatized Lockdown America enforces in the US a global neoliberal economic and political imperialism. Against this, *The Executed God* proposes a counter theatrics to state terror, a declamation of the way of the cross for Jesus followers that unmasks the powers of US state domination and enacts an adversarial politics of resistance, artful dramatic actions, and the building of peoples movements. These are all intrinsic to a Christian politics of remembrance of the Jesus executed by empire. Heralded in its first edition, this new edition is thoroughly revised, updated, and expanded, offering a demanding rethinking and recreating of what being a Christian is and of how Christianity should dream, hope, mobilize, and act to bring about what Taylor terms a liberating material spirituality to unseat the state that kills. **The**

**Theological and the Political** Mark Lewis Taylor, 2011 Princeton's Mark Lewis Taylor has always worked at the intersection of the political and theological. Now in this intense and exciting work, he explores in a systematic way how those two dimensions of human reality can be conceived anew, and together Taylor argues that the decline of political discourse, the justification of torture and preemptive war, mass incarceration, the misuse of religion to justify atrocity, and most especially the sheer weight of suffering in the world, all these developments urge us to reconceive theology itself. In conjunction with the latest insights of political theory, decolonial thought, and spectral theories in contemporary philosophy, Taylor suggests that the political is the context of the theological and a realm in which we can discern beyond simple categories of transcendence and immanence a transimmanence that is theologically illuminative and politically liberating. **Religion, Politics, and the Christian Right** Mark Lewis Taylor, Princeton theologian Mark Taylor here looks at the influence and stance of the right wing Christian movement in the U S. He questions its religious authenticity, its claim to be called Christian, and the ethical stands it has taken in national politics of the last ten years. The heart of Taylor's argument is Jesus himself. Using the latest New Testament scholarship on the historical Jesus and his tactic in relation to the Roman Empire, Taylor argues that Jesus' life and work and message are inherently political and driven by the need to show God's love for the poor, condemnation of the oppressor, and search for a reign of justice. These Christian hallmarks, Taylor asserts, stand as a critical corrective to a distorted Christianity that often dominates the U S political scene today. *Sex, Gender, and Christian Ethics* Lisa Sowle Cahill, 1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations. Their unity is a positive ideal, though not an absolute norm. Women and men should enjoy equal personal respect and social power. In reply to feminist

critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aquinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised

Reconstructing Christian Theology Rebecca S. Chopp, Mark Lewis Taylor, Christian theology needs to be reconstructed in light of recent and momentous intellectual changes social revolutions and steep pedagogical challenges That is the conviction of many of North America's leading theologians whose close collaboration over several years bring us this exciting volume *Reconstructing Christian Theology* introduces theology in such a way that readers can discern the relevance of historical materials pose theological questions and begin to think theologically for themselves Further like other projects of the Workgroup on Constructive Theology this volume stems from a deep desire to model a credible creative and engaged contemporary theology So each chapter tackles major Christian teaching juxtaposes it with a significant social or cultural challenge and then reconstructs each in light of the other The result is an innovative and compelling way to learn how theology can contribute to rethinking the most pressing issues of our day

*Remembering Esperanza* Mark Lewis Taylor, 2006-09-01 *Remembering Esperanza* has been acclaimed as this generation's most important synthesis of critical theory and Christian theology Taylor offers North American models of a new theology that serves an informed critical transformative praxis of resistance to sexism classism racism Taylor's work forges a vital link to an engaged Christianity and the Christ who is its source

Generosity and the Christian Future George M. Newlands, 2008-07-17 Based on the 1995 Henson Lectures delivered in the University of Oxford this study takes as its theme the Christian future and the development of a theology of generosity in response to the challenges likely to face Christian faith in the twenty first century In particular Professor Newlands wishes to explore the suggestion that Christ represents the ultimate generosity of God for humankind This leads him to concentrate on the contribution made by Christian doctrine to public issues and especially the relationship between Christology and human rights The author is centrally concerned that faith should remain in the public square and that the circle of faith should always be outward facing The result is a liberal pluralistic theology which regards the generous love of God in incarnation and reconciliation as a powerful stimulus to imaginative Christian thought and action In its robust portrayal of what Christianity ought properly to look like this book which emerges from the pen of the leading Scottish liberal theologian of his generation will be sure to stimulate and engage a wide variety of readers
