Marketing Research An Applied Orientation 6th Edition:

Marketing Research Naresh K. Malhotra, 2010 This text presents a look at both the principles and practices of marketing research with balanced coverage of qualitative and quantitative material Written from the perspective of market research users it reflects current trends in international marketing ethics and the continuing integration of technology **Program Evaluation** Emil J. Posavac, 2015-07-22 Comprehensive yet accessible this text provides a practical introduction to the skills attitudes and methods required to assess the worth and value of human services offered in public and private organizations in a wide range of fields Students are introduced to the need for such activities the methods for carrying out evaluations and the essential steps in organizing findings into reports The text focuses on the work of people who are closely associated with the service to be evaluated and is designed to help program planners developers and evaluators to work with program staff members who might be threatened by program evaluation *Program Evaluation* Kenneth J. Linfield, Emil J. Posavac, 2018-09-03 This text provides a solid foundation in program evaluation covering the main components of evaluating agencies and their programs how best to address those components and the procedures to follow when conducting evaluations Different models and approaches are paired with practical techniques such as how to plan an interview to collect qualitative data and how to use statistical analyses to report results In every chapter case studies provide real world examples of evaluations broken down into the main elements of program evaluation the needs that led to the program the implementation of program plans the people connected to the program unexpected side effects the role of evaluators in improving programs the results and the factors behind the results In addition the story of one of the evaluators involved in each case study is presented to show the human side of evaluation This new edition also offers enhanced and expanded case studies making them a central organizing theme and adds more international examples New online resources for this edition include a table of evaluation models examples of program evaluation reports sample handouts for presentations to stakeholders links to YouTube videos and additional annotated resources All resources are available for download under the tab eResources at www.routledge.com 9781138103962 Modern Healthcare Marketing in the Digital Era Djakeli, Kakhaber, 2023-12-11 Modern Healthcare Marketing in the Digital Era edited by Kakhaber Djakeli from the International Black Sea University Georgia is a comprehensive guide that addresses the critical challenge of transforming healthcare marketing strategies in the dynamic landscape of the digital era With innovative technologies like artificial intelligence augmented reality blockchain and mobile applications reshaping the healthcare industry this book offers practical insights and innovative methodologies to create a consumer centric health culture Healthcare professionals policymakers and marketers will find valuable guidance in bridging the gap between technology and marketing enabling them to thrive in this ever evolving landscape Through its exploration of historical developments the status and the evolution of needs and demands in healthcare markets the book equips readers with the tools they need to navigate the complexities of modern

Religions as Brands

Jean-Claude Usunier,Jörg Stolz,2016-04-01 During the twentieth century religion has gone on the market place Churches and religious groups are forced to sell god in order to be attractive to religious consumers More and more religions are seen as

brands that have to be recognizable to their members and the general public What does this do to religion How do religious groups and believers react What is the consequence for society as a whole This book brings together some of the best international specialists from marketing sociology and economics in order to answer these and similar questions The interdisciplinary book treats new developments in three fields that have hitherto evolved rather independently the commoditization of religion the link between religion and consumer behavior and the economics of religion By combining and cross fertilizing these three fields the book shows just what happens when religions become brands
