Curriculum Development and Online Instruction for the 21st Century Fudge, Tamara Phillips, Ferebee, Susan Shepherd, 2021-06-25 The world of education has undergone major changes within the last year that have pushed online instruction to the forefront of learning Thanks to the COVID 19 pandemic online learning has

become paramount to the continued and uninterrupted teaching of students and has forced students and teachers alike to adjust to an online learning environment. Though some have already returned to the traditional classroom or plan to very soon, others have begun to appreciate the value of online education initiatives that had previously been discussed but never acted upon as they have been in the past year. With plenty of positive and negative aspects, online learning is a complex issue with numerous factors to consider. It is an issue that must be studied and examined in order to improve in the future. Curriculum Development and Online Instruction for the 21st Century examines the issues and difficulties of online teaching and learning as well as potential solutions and best practices. This book includes an examination on the value of teaching fully via the internet as well as the challenges inherent in the training of teachers to teach in online environments. While addressing key elements of remote learning such as keeping student data safe as well as methods in which to engage students, this book covers topics that include assessment tools, teaching deaf students, web technology, and standardized curricula. Ideal for K-12 teachers, college faculty, curriculum developers, instructional designers, educational software developers, administrators, academicians, researchers, and students, this book provides a thorough overview of online education and the benefits and issues that accompany it.

Research in Education, 1974. *Listening to Children's Advice about Starting School and School Age Care* Sue Dockett, Johanna Einarsdottir, Bob Perry, 2019-03-06. Reflecting the importance of drawing on children's perspectives to shape professional practice, this book offers a nuanced approach to understanding the aims, implications, and practicalities of accessing and incorporating children's perspectives in pedagogical practices relating to transitions. *Listening to Children's Advice about Starting School and School Age Care* emphasises the importance of listening to and respecting children's perspectives at the time of their transitions to school and school age care. It shares children's perspectives of the transition to school and school age care in ways that are both authentic and provocative, explores implications for practice as a consequence of children's input, provokes a deep level of critical reflection, and practice policy development that is informed by a dialogue between research and practice. Chapters report research conducted in seven different countries to highlight approaches that acknowledge and respect children's input and use this as a basis for critical reflection on practice with a view to improving the children's transition experiences. Using examples of practice and offering practical and theoretical

insights the book illustrates the multiplicity of children's perspectives and prompts educators to reflect on and critique practice This book will be invaluable reading for researchers students educators and practitioners involved in young children's transitions to school and school age care **Proceedings of IAC 2020 in Budapest** Group of Authors,2020-03-13
