Carolyne Larrington has gathered together a uniquely comprehensive collection of writing by for and about medieval women spanning one thousand years and Europe from Iceland to Byzantium. The extracts are arranged thematically dealing with the central areas of medieval women's lives and their relation to social and cultural institutions. Each section is contextualised with a brief historical introduction and the materials span literary, historical, theological and other narrative and imaginative writing. The writings here uncover and confound the stereotype of the medieval woman as lady or virgin by demonstrating the different roles and meanings that the sign of woman occupied in the imaginative space of the medieval period. Larrington's clear and accessible editorial material and the modern English translations of all the extracts mean this work is ideally suited for students. *Women and Writing in Early Europe: A Sourcebook* also contains an extensive and fully up to date bibliography making it not only essential reading for undergraduates and post graduates but also a valuable tool for scholars.

Everything Must Go Dorian Lynskey, 2025-01-28 A rich, captivating and darkly humorous look into the evolution of apocalyptic thought, exploring how film and literature interact with developments in science, politics and culture, and what factors drive our perennial obsession with the end of the world. As Dorian Lynskey writes, 'People have been contemplating the end of the world for millennia.' In this immersive and compelling cultural history, Lynskey reveals how religious prophecies of the apocalypse were secularized in the early 19th century by Lord Byron and Mary Shelley in a time of dramatic social upheaval and temporary climate change, inciting a long tradition of visions of the end without gods. With a discerning eye and acerbic wit, Lynskey examines how various doomsday tropes and predictions in literature, art, music and film have arisen from contemporary anxieties, whether they be comets, pandemics, world wars, the Cuban Missile Crisis, Y2K or the climate emergency. Far from being grim, Lynskey guides readers through a rich array of fascinating stories and surprising facts, allowing us to keep company with celebrated
