**Game of Thrones** Greg Enslen,2019-06-12 This unofficial viewer s guide to HBO s award winning television epic was written for viewers who have not read the George R R Martin books and don t want to The season specific binge guide will get you through the season with a minimum of fuss and NO SPOILERS of future seasons answering questions and pointing out interested information without getting bogged down in details from the books Now you can just watch Game of Thrones and enjoy it Social TV Cory Barker,2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries On March 15 2011 Donald Trump changed television forever The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real time reactions on Twitter generating more than 25 000 tweets and making the broadcast the most watched Roast in Comedy Central history The trumproast initiative personified the media and tech industries utopian vision for a multi screen and communal live TV experience In Social TV Multi Screen Content and Ephemeral Culture author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on demand streaming video Barker examines the rise and fall of Social TV across press coverage corporate documents and an array of digital ephemera He demonstrates that despite the talk of disruption the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention

economy Case studies from broadcast networks to tech start ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period To trace these unfulfilled promises and flopped ideas Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing Yet in placing this now forgotten material in recent historical context Social TV shows how the era altered how the industry pursues audiences Multi screen campaigns have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life

**Women in Game of Thrones** Valerie Estelle Frankel,2014-04-04 Game of Thrones one of the hottest series on television leaves hundreds of critics divided on how feminist the show really is Certainly the female characters strong and weak embody a variety of archetypes widow queens warrior women damsels in distress career women priestesses crones mothers and maidens However the problem is that most of them play a single role without nuance even the strong women have little to do besides strut about as one note characters This book analyzes the women and their portrayals one by one along with their historical inspirations Accompanying issues in television studies also appear from the male gaze to depiction of race How these characters are treated in the series and how they treat themselves becomes central as many strip for the pleasure of men or are sacrificed as pawns Some nude scenes or moments of male violence are fetishized and filmed to tantalize while others show the women s trauma and attempt to identify with the scene s female perspective The key is whether the characters break out of their traditional roles and become multidimensional
