

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Democratic Evaluation and Democracy Donna Podems, 2017-02-01 Democratic evaluation brings a way of thinking about evaluation's role in society and in particular its role in strengthening social justice. Yet the reality of applying it and what happens when it is applied particularly outside the West is unclear. Set in South Africa, a newly formed democracy in Southern Africa, the book affords an in-depth journey that immerses a reader into the realities of evaluation and its relation to democracy. The book starts with the broader introductory chapters that set the scene for more detailed ones which bring thorough insights into national government, local government, and civil societies' experience of evaluation, democratic evaluation, and their understanding of how it contributes to strengthening democracy or not. A teaching case, the book concludes by providing guiding questions that encourage reflection, discussion, and learning that ultimately aims to inform practice and theory.

Developing Assessment-Capable Visible Learners, Grades K-12 Nancy Frey, John Hattie, Douglas Fisher, 2018-01-30 This book is a follow-up to *Visible Learning for Literacy* and delves more deeply into one critical component of any Visible Learning classroom: the student who has the ability to self-assess. Based on extensive research and with highly practical classroom scenarios and tools, this resource will help teachers learn how to help their students self-assess and flourish into their own teachers.

How to Navigate Life Belle Liang, PhD, Timothy Klein, LCSW, 2022-08-02 An essential guide to tackling what students, families, and educators can do now to cut through stress and performance pressure and find a path to purpose. Today's college-bound kids are stressed, anxious, and navigating demands in their lives unimaginable to a previous generation. They're performance machines hitting the benchmarks they're supposed to in order to reach the next tier of a relentless ladder. Then their mental and physical exhaustion carries over right into first jobs. What have traditionally been considered the best years of life have become the beaten-down years of life. Belle Liang and Timothy Klein devote their careers both to counseling individual students and to cutting through the daily pressures to show a better way: a framework and set of questions to find kids' true north, what really turns them on in life, and how to harness the core qualities that reveal allowing them to choose a course of study, a college, and a career. Even the gentlest parents and teachers tend to play into pervasive societal pressure for students to PERFORM. And when we take the foot off the gas, we beg the kids to just figure out what their PASSION is. Neither is a recipe for mental or physical health or ironically for performance or passion. *How to Navigate Life* shows that successful human beings instead tap into their PURPOSE, the why behind the what, and how. Best of all, purpose is a completely translatable quality to every aspect of life, from first jobs to last jobs and everything in between.
