Quick Hits for Service-Learning M. A. Cooksey, Kimberly T. Olivares, 2010-11-15 Service learning, the integration of classroom instruction with community service projects, is rapidly gaining momentum as a successful teaching and learning strategy that benefits both students and their communities. Quick Hits for Service Learning presents more than 80 examples of innovative curricula developed by educators in a wide range of disciplines designed to combine community service with instruction and reflection. Seven chapters offer tips for classroom activities that focus on the education of children and youth, civic awareness, engagement, and activism, language, literature, and communication, global studies, and local outreach to exceptional populations. The study of history, the social sciences, and the arts, business industry, and the health sciences, and the teaching of research and other tools of the trade. Brimming with ideas that busy faculty members can easily adapt to their own classrooms, this book is a valuable reference for faculty new to the field or seasoned practitioners looking for fresh ideas.

Counseling Theory Richard D. Parsons, Naijian Zhang, 2014-01-16 Organized around the latest CACREP standards, Counseling Theory: Guiding Reflective Practice by Richard D. Parsons and Naijian Zhang presents theory as an essential component to both counselor identity formation and professional practice. Drawing on the contributions of current practitioners, the text uses both classical and cutting-edge theoretical models of change as lenses for

processing client information and developing case conceptualizations and intervention plans Each chapter provides a snapshot of a particular theory approach and the major thinkers associated with each theory as well as case illustrations and guided practice exercises to help readers internalize the content presented and apply it to their own development as counselors

The Quick Fix Jesse Singal,2021-04-06 An investigative journalist exposes the many holes in today's bestselling behavioral science and argues that the trendy TED Talk friendly psychological interventions that are so in vogue at the moment will never be enough to truly address social injustice and inequality With their viral TED talks bestselling books and counter intuitive remedies for complicated problems psychologists and other social scientists have become the reigning thinkers of our time Grit and power posing promised to help overcome entrenched inequalities in schools and the workplace the Army spent hundreds of millions of dollars on a positive psychology intervention geared at preventing PTSD in its combat soldiers and the implicit association test swept the nation on the strength of the claim that it can reveal unconscious biases and reduce racism in police departments and human resources departments But what if much of the science underlying these blockbuster ideas is dubious or fallacious What if Americans longstanding preference for simplistic self help platitudes is exerting a pernicious influence on the way behavioral science is communicated and even funded leading respected academics and the media astray In *The Quick Fix* Jesse Singal examines the most influential ideas of recent decades and the shaky science that supports them He begins with the California legislator who introduced self esteem into classrooms around the country in the 1980s and the Princeton political scientist who warned of an epidemic of youthful superpredators in the 1990s In both cases a much touted idea had little basis in reality but had a massive impact Turning toward the explosive popularity of 21st century social psychology Singal examines the misleading appeal of entertaining lab results and critiques the idea that subtle unconscious cues shape our behavior As he shows today's popular behavioral science emphasizes repairing improving and optimizing individuals rather than truly understanding and confronting the larger structural forces that drive social ills Like Anand Giridharadas's *Winners Take All* *The Quick Fix* is a fresh and powerful indictment of the thought leaders and influencers who cut corners as they sell the public half baked solutions to problems that deserve more serious treatment

How to Fast-track your Academic Career Adam Lindgreen,C. A. Di Benedetto,2024-07-05 This thoroughly updated edition of a classic career guide closes the research practitioner gap and carefully considers the obstacles faced by researchers pursuing an academic career From applying for grants to supervising Ph D students the book utilises practical research and real experiences to illustrate how marketing scholars can strike a healthy working balance between teaching and research to find success in academia

The Dreaded Research Paper Larry Patriquin,2025-03-30 In *The Dreaded Research Paper* retired university professor Larry Patriquin draws on decades of teaching experience to bring to light the process of writing and structuring academic papers from the title to the

bibliography and everything in between With a focus on undergraduate students Patriquin explains how to conduct research read critically avoid plagiarism and employ formatting how to develop a title an introduction an argument and a conclusion while citing accurately and how to form paragraphs compose clear sentences punctuate properly and quote effectively He also draws attention to words you need to watch such as then vs than ending with dozens of writing dos and don'ts Intended especially for those with little time to spare The Dreaded Research Paper is a wellspring of practical advice and concrete examples crammed into a small space This slim volume will give you the skills and the confidence you need to complete works of the highest quality And while it's directed at students this humorous engaging book offers valuable tips for anyone who writes argumentative nonfiction for a living be they scholars journalists or bloggers
