**Resources in Education** ,1994 **Black Software** Charlton D. McIlwain,2019-10-01 Activists pundits politicians and the press frequently proclaim today s digitally mediated racial justice

activism the new civil rights movement As Charlton D McIlwain shows in this book the story of racial justice movement organizing online is much longer and varied than most people know In fact it spans nearly five decades and involves a varied group of engineers entrepreneurs hobbyists journalists and activists But this is a history that is virtually unknown even in our current age of Google Facebook Twitter and Black Lives Matter Beginning with the simultaneous rise of civil rights and computer revolutions in the 1960s McIlwain for the first time chronicles the long relationship between African Americans computing technology and the Internet In turn he argues that the forgotten figures who worked to make black politics central to the Internet s birth and evolution paved the way for today s explosion of racial justice activism From the 1960s to present the book examines how computing technology has been used to neutralize the threat that black people pose to the existing racial order but also how black people seized these new computing tools to build community wealth and wage a war for racial justice Through archival sources and the voices of many of those who lived and made this history Black Software centralizes African Americans role in the Internet s creation and evolution illuminating both the limits and possibilities for using digital technology to push for racial justice in the United States and across the globe *What You See Is What You Get* Alan Sugar,2010-09-30

Lord Sugar is a self made man and one of Britain s finest business brains His story so far is inspirational to the end The Sun Sugar is unusual among celebrity memoirists in that he s a clever man who has done a lot with his life and the tale of his rise from nothing and nowhere is genuinely revealing Private Eye From a Hackney council estate to the House of Lords this is the extraordinary story of one of our greatest entrepreneurs Alan Sugar was born in 1947 and brought up on a council estate in Clapton in Hackney As a kid he watched his dad struggle to support the family never knowing from one week to the next if he d have a job It had a huge impact on him fuelling a drive to succeed that was to earn him a sizeable personal fortune Now he describes his amazing journey from schoolboy enterprises like making and selling his own ginger beer to setting up his own company at nineteen from Amstrad s groundbreaking ventures in hi fi and computers which made him the darling of the stock exchange to the dark days when he nearly lost it all from his pioneering deal with Rupert Murdoch to his boardroom battles at Tottenham Hotspur FC In this compelling autobiography he takes us into the world of The Apprentice and describes his appointment as advisor to the government and elevation to the peerage Like the man himself What You See Is What You Get is forthright funny and sometimes controversial I m addicted to autobiographies and What You See Is What You Get is one of the best I ve read Love him or loathe him Baron Sugar of Clapton is the walking snarling embodiment of all the values he espouses on The Apprentice Piers Morgan
