may help us understand differently such apparently human features as language thought and writing It may also help us think anew about such highly philosophical concerns as differences otherness the end s of history and the world at large Thanks to the ethical and epistemological crisis of Western humanism animality has become an almost fashionable topic However *Demenageries* is the first collection to take Derrida s thinking on animal thinking as a starting point a way of reflecting not only on animals but starting from them in order to address a variety of issues from a vast range of theoretical perspectives philosophy literature cultural theory anthropology ethics politics religion feminism postcolonialism and of course posthumanism

Reading Claude Cahun's Disavowals JenniferL. Shaw,2017-07-05 The first monograph on a Surrealist cult classic *Reading Claude Cahun s Disavowals* offers a comprehensive account of Cahun s most important published work *Aveux non avenues* *Disavowals* 1930 Jennifer L Shaw provides an encompassing interpretation of this groundbreaking work paying careful attention to the complex interrelationship between the photomontages and writings of *Aveux non avenues* This study argues that the texts and images of *Aveux non avenues* not only explore Cahun s own subjectivity they formulate a trenchant social and cultural critique Shaw explores how Cahun s work both calls into question the dominant culture of interwar France with its traditional gender roles religious conservatism and pronatalism and takes to task the era s artistic avant garde and in particular its models of desire This volume cuts across the disciplinary boundaries of interwar art studies demonstrating how one artist s personal exploration intervened in wider contemporary debates about the purpose of art the role of women in French culture and the status of homosexuality in the aftermath of World War I

Peters,2013-08-28 *Stealing Things* traces the representations of thieves and thievery in nineteenth century French novels Re-reading canonical texts by Balzac the Comtesse de S gur and Zola through the lens of crime Peters highlights bourgeois anxiety about ownership and objects while considering the impact of literature on popular attitudes about crime and its legislation and punishment A detailed analysis of the role of objects this work chronicles nineteenth century changes in legal attitudes popular mentalities and individual and social identity focusing particularly on the resulting transformations in representations of gender class and criminal subjectivity

Soil and Stone Frances Fowle,2017-07-05 The Impressionists are world renowned for their vibrant depictions of the atmospheric effects and shimmering beauty of the French countryside These paintings often produced in Paris found an enthusiastic market in the city The inhabitants of that hub of modernity had an apparently paradoxical interest in the mythologies of rural living As the city became more and more the motive force of social change so the country was understood as the anchor of changelessness and nostalgia The essayists in this volume examine the complex relationship between country and city Their work draws widely on the contemporary culture exploring folklore and children s literature anarchism and urbanism and offers significant new insights into the work of major artists and writers including Courbet Millet Monet Van Gogh and Zola ...
